

2022 COUNCIL ON LEGISLATION  
OF ROTARY INTERNATIONAL

# PROPOSED LEGISLATION

22-01 through 22-94

10-14 April 2022 | Chicago, Illinois, USA

## **2022 Council on Legislation**

### **Re: Legislation to be considered by the 2022 Council on Legislation**

Dear Rotarians:

In anticipation of the 2022 Council on Legislation (COL), this book, containing all legislation to be proposed at the COL, has been prepared for your review.

The Constitution of Rotary International provides that the COL meet every three years at a site determined by the RI Board of Directors. In 2022, the COL is scheduled to meet from 10-14 April in Chicago, Illinois, USA.

The legislation in this book was proposed to the 2022 COL by clubs, districts, the general council or conference of RIBI, and the RI Board. Each item was received by Rotary before the 31 December 2020 deadline. The RI Board, working on the advice of the Constitution & Bylaws Committee, has found this legislation to be regular. Defective items will not be published nor transmitted to the COL. For more information on why legislation may be considered defective, please refer to Article 7 of the RI Bylaws.

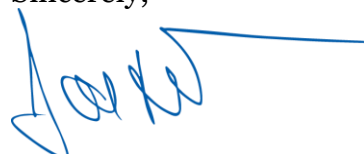

At the top of each piece of legislation is a Council number (for example, 22-01). Items of legislation are grouped by topic and may have similar or identical titles. Also at the top of the legislation is the name of the proposer(s). Some items have more than one. This occurs when multiple proposers submit identical items of legislation that are then combined or when proposers of similar items agree to join a piece of compromise legislation.

The proposers' purpose and effect statement and the financial impact statement are printed below each item of legislation. The purpose and effect statements are drafted by the proposers of the legislation and have not been edited for accuracy. The financial impact statements are drafted by the general secretary and reflect any estimated increase or decrease in revenues and/or expenses that will be incurred by implementing the legislation.

As required by RI's constitutional documents, the legislation is sent to the governor of each district and all members of the Council in English by 30 September 2021. Those who usually receive Rotary documents in French, Japanese, Korean, Mandarin, Portuguese, or Spanish will receive legislation in the appropriate language at a later date. The legislation will also appear on the [Councils page](#) of My Rotary in these languages.

Should you have questions about the COL over the coming months, you may contact Council Services at [council\\_services@rotary.org](mailto:council_services@rotary.org).

Sincerely,

John Hewko  
General Secretary

# PROPOSED ENACTMENT 22-01

To amend the purposes of a Rotary club

**Proposer(s):** Rotary Club of Kaibara, District 2680, Japan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

## 3 **Article 3 Purposes**

4 The purposes of this club are to: contribute to the advancement of Rotary, as well  
5 as to foster the appreciation and practical application of the Object of Rotary,  
6 through the ideal of service, by Rotarians.

7 ~~(a) pursue the Object of Rotary;~~

8 ~~(b) carry out successful service projects based on the five Avenues of Service;~~

9 ~~(c) contribute to the advancement of Rotary by strengthening membership;~~

10 ~~(d) support The Rotary Foundation; and~~

11 ~~(e) develop leaders beyond the club level.~~

(End of Text)

## **PURPOSE AND EFFECT**

12 In Japanese, the title of Article 3 of the Standard Rotary Club Constitution,  
13 Purposes, is similar to that of Article 5, Object. However, if we are going as far as  
14 stating the purposes of a club, we must get to the essence of what the club is  
15 about. Our club believes that essence statements are most effective when they are  
16 expressed concisely, instead of spelled out in minute detail. That is the rationale  
17 for this proposal.

18

19 Each club should decide independently how to align itself with these purposes,  
20 based on its own unique characteristics and community circumstances. A club is  
21 the Rotarian's only home, and club autonomy is critical to the revitalization of  
22 our organization.

23

24 With the exception of section (a), all of the club's stated purposes in Article 3 are  
25 ways to achieve those purposes. Our solution for this is to remove sections (b)  
26 through (e), which are more suitable as club strategic planning goals.

## **FINANCIAL IMPACT**

27 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-02

To amend the purposes of a Rotary club

**Proposer(s):** District 3510, Taiwan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

## 3 **Article 3 Purposes**

4 The purposes of this club are to:

- 5 (a) pursue the Object of Rotary and Rotary's core values as defined by the RI  
6 board;
- 7 (b) carry out successful service projects based on the five Avenues of Service;
- 8 (c) contribute to the advancement of Rotary by strengthening membership;
- 9 (d) support The Rotary Foundation; and
- 10 (e) develop leaders beyond the club level.

(End of Text)

## **PURPOSE AND EFFECT**

11 Rotary's core values of fellowship, integrity, diversity, service, and leadership, as  
12 defined periodically by the RI Board, are the defining characteristics of our  
13 membership, as well as a common source of pride for Rotarians at that stage of  
14 life. The adoption of these values as one of the common purposes of a club,  
15 regardless of age, gender, individual ability, or any other difference among its  
16 individual members, would serve as a guiding principle for the club's culture,  
17 respect, tolerance, and energy. This will strengthen the club's membership and  
18 guide them in their actions.

## **FINANCIAL IMPACT**

19 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-03

To amend the purposes of a Rotary club

**Proposer(s):** District 2760, Japan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

### 3 **Article 3 Purposes**

4 The purposes of this club are to:

5 (a) pursue the Object of Rotary;

6 (b) carry out successful service projects based on the five Avenues of Service;

7 (c) contribute to the advancement of Rotary by strengthening membership;

8 (d) support The Rotary Foundation; ~~and~~

9 (e) develop leaders beyond the club level; and

10 (f) increase opportunities to educate Rotaract clubs about Rotary, its activities,  
11 and more.

(End of Text)

### **PURPOSE AND EFFECT**

12 The 2019 Council on Legislation adopted an enactment admitting Rotaract clubs  
13 into RI membership. It is our feeling, however, that Rotaractors are insufficiently  
14 familiar with Rotary's guiding principles, its strategic plan, and other important  
15 aspects, primarily because they have had no exposure to these things during their  
16 brief time as members. It is the responsibility of all clubs to enhance Rotaractors'  
17 knowledge of Rotary, not just those that sponsor Rotaract clubs, and we believe  
18 that every club should be involved in this effort.

### **FINANCIAL IMPACT**

19 This enactment could have a financial impact on RI which cannot be determined  
20 at this time. Cost would be dependent on the scope and extent of support  
21 provided by the RI Board for increasing opportunities to educate Rotaract clubs  
22 about Rotary, its activities, and more.

# PROPOSED ENACTMENT 22-04

To amend the provisions for naming a satellite club

**Proposer(s):** District 5060, Canada and USA

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

3 **Article 2 Name**

4 This organization shall be the Rotary Club of

5 \_\_\_\_\_

6 \_\_\_\_\_

7 \_\_\_\_\_

8

(Member of Rotary International).

9

10 The name of any satellite of this club shall be ~~Rotary Satellite Club of~~ chosen by  
11 the members of that satellite club.

12 \_\_\_\_\_

13

14 (~~A satellite of Rotary Club of~~ \_\_\_\_\_).

(End of Text)

## PURPOSE AND EFFECT

15 Satellite clubs are an effective tool for growing new and innovative Rotary clubs.  
16 There is no operational value in restricting the format of the official name of a  
17 satellite club. There is, however, the opportunity for a satellite club to express its  
18 unique character and style in its name, which gives the members a stronger sense  
19 of pride in what they are doing with Rotary.

## FINANCIAL IMPACT

20 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-05

To provide a process for clubs to accept verbal resignations

**Proposer(s):** Rotary Club of Alamo Heights, District 5840, Canada and USA

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

## 3 **Article 13 Duration of Membership**

4

5 **Section 8 — Resignation.** A If in writing, a member's resignation from this club  
6 shall be in writing, addressed to the president or secretary. If a member verbally  
7 resigns, a club officer shall send a confirmation to the resigning member. The  
8 board shall accept the resignation unless the member owes debt to this club. If  
9 the member provides information retracting the resignation, the request will  
10 not be presented to the board for action.

(End of Text)

## **PURPOSE AND EFFECT**

11 While the Standard Rotary Club Constitution currently provides that all club  
12 members must submit their resignations in writing, it has been the experience  
13 and reality of clubs that a number of members have informed someone in the  
14 club they intend to resign, but either refuse or are unable to submit the  
15 resignation in writing. This puts the club in an awkward position of not being  
16 able to administratively process an otherwise well-intentioned resignation.

17

18 The proposed change will allow easier processing of resignations, eliminating the  
19 need for alternative methods of terminating the membership (e.g., dropping a  
20 member for non-attendance or non-payment of dues when the resigning member  
21 has effectively departed with notice, but is no longer participating in club  
22 activities). It will allow club officers to document such verbal requests in written  
23 form, recording how they are received and confirming each resignation with the  
24 resigning club member. It also provides clubs with guidance on handling the  
25 resignations once they are confirmed, if no response is received, or if the  
26 resignation request is retracted. It should not matter which club member initially  
27 receives the verbal request, as all members are expected to follow The Four-Way  
28 Test in reporting such verbal input.

## **FINANCIAL IMPACT**

29 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-06

To allow club committee chairs to be board members

**Proposer(s):** Rotary Club of Osaka, District 2660, Japan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

## 3 **Article 11 Directors and Officers and Committees**

4

5 **Section 4 — Officers.** The club officers shall be a president, the immediate past  
6 president, a president-elect, a secretary, and a treasurer and may also include  
7 one or more vice-presidents, all of whom shall be members of the board. The  
8 club officers may also include a sergeant-at-arms and chairs of the club  
9 committees, who may be ~~a member~~ members of the board, if the bylaws  
10 provide. Each officer and director shall be a member in good standing of this  
11 club. Club officers shall regularly attend satellite club meetings.

12

13 **Section 7 — Committees.** This club should have the following committees, and  
14 the chair of each of these committees should be a member of the board:

15

(a) Club Administration;

16

(b) Membership;

17

(c) Public Image;

18

(d) Rotary Foundation; and

19

(e) Service Projects.

20

The board or president may appoint additional committees as needed.

(End of Text)

## **PURPOSE AND EFFECT**

21

The 2019 Council on Legislation rejected Proposed Enactment 19-21, “To require  
22 that key club committee chairs be board members,” by a vote of 238 in favor and  
23 269 against. One possible reason for the rejection was that while the existing text  
24 stated that the club “should” have certain committees, the proposed additional  
25 text stated that each of the committees’ chairs “shall” be board members, and that  
26 seemed contradictory to the voting delegates. In light of the rejection of that  
27 proposal by a narrow margin, we wish to propose instead that the chair of each  
28 standing committee should be a member of the board. With this slight change,  
29 the club will be able to focus its resources more selectively upon its five standing  
30 committees. With its provision for the establishment of additional committees,  
31 and for greater discretionary control over the club board, we believe this proposal  
32 will appeal especially to large clubs and those with a more unique organizational  
33 culture.

## **FINANCIAL IMPACT**

- 1 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-07

To amend the amount of time club boards have to provide minutes to their members

**Proposer(s):** Rotary Club of Chigasaki, District 2780, Japan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

3 **Article 7 Meetings**

4

5 **Section 3 — Board Meetings.** Within ~~60~~ 30 days after all board meetings,  
6 written minutes should be available to all members.

(End of Text)

## **PURPOSE AND EFFECT**

7 Minutes of Rotary club meetings are very important documents from which club  
8 members may learn of the decisions their clubs have made. For the purposes of  
9 scheduling and conducting club service activities, the current 60-day period,  
10 which is based on RI's and The Rotary Foundation's rules for publishing their  
11 meeting minutes, is excessively long. We propose that the time period be changed  
12 to 30 days, so that club members may be informed of their clubs' decisions as  
13 soon as possible. This change would expedite the communication of club  
14 information to members, including those unable to attend meetings, thus  
15 increasing the number of participants in the club's service activities.

## **FINANCIAL IMPACT**

16 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-08

To amend the amount of time club boards have to provide minutes to their members

**Proposer(s):** District 1160, Ireland and Northern Ireland

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

3 **Article 7 Meetings**

4

5 **Section 3** — *Board Meetings*. Within ~~60~~ 20 days after all board meetings,  
6 written minutes should be ~~available~~ provided to all members.

(End of Text)

## **PURPOSE AND EFFECT**

7 This proposed amendment will set the number of days required to officially  
8 report the attendance and formal business of club board meetings to the  
9 members to a timeframe that appropriately reflects the functioning of an ethical  
10 international organization run predominantly by volunteers in the 21<sup>st</sup> century.

## **FINANCIAL IMPACT**

11 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-09

To provide that a club’s mid-year report and the previous year’s financial report are adopted at the annual meeting

**Proposer(s):** Rotary Club of Kawagoe, District 2570, Japan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

3 **Article 7 Meetings**

4

5 **Section 2 — Annual Meeting.**

6 (a) An annual meeting to elect officers and present a mid-year report,  
7 including current year income and expenses, together with a financial  
8 report on the previous year, shall be held before 31 December, as provided  
9 in the bylaws. Both the mid-year report and the previous year’s financial  
10 report must be proposed and adopted at the annual meeting.

(End of Text)

## PURPOSE AND EFFECT

11 The operations of a club are financed through the collection of membership dues.  
12 Clubs should account for the use of these dues in a way that reaffirms the trust of  
13 their members at the club’s annual meeting. The current Standard Rotary Club  
14 Constitution provides that mid-year and financial reports are to be presented at a  
15 club’s annual meeting. Similar to district financial reports, it is reasonable to  
16 expect that the club reports should also be formally adopted at the annual  
17 meeting, as a means of maintaining trust and operational transparency within the  
18 club.

## FINANCIAL IMPACT

19 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-10

To add equity and inclusion to the building of a well-balanced membership

**Proposer(s):** Rotary Club of Annanagar Aadithya, District 3232, India

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 4 Membership in Clubs**

4

### 5 **4.070. Diversity of Membership.**

6 Each club or Rotaract club shall endeavor to build a well-balanced membership  
7 that celebrates diversity, equity, and inclusion. No club or Rotaract club,  
8 regardless of when it joined RI, may in any way limit membership due to gender,  
9 race, color, creed, national origin, or sexual orientation, or impose any  
10 membership condition not specifically allowed by the RI constitution or bylaws.  
11 Any membership provision or condition in conflict with this section is null, void,  
12 and without effect.

(End of Text)

## **PURPOSE AND EFFECT**

13 Diversity is rightly included among the core values of Rotary, along with  
14 Friendship, Integrity, Service, and Leadership. Diversity ensures that different  
15 perspectives, cultures, and values are accepted, appreciated, and celebrated. To  
16 Diversity, we would like to add the values of Equity and Inclusion:

- 17 • in diversity lies zest, beauty, and power;
- 18 • in equity lies the harnessing of talent, and competence; and
- 19 • in inclusion lies unity and satisfaction with the Rotary experience.

20

21 The human family is what Rotary seeks to create on earth. This enactment refers  
22 to the feeling of family that ensures lifelong relationships in every club.

## **FINANCIAL IMPACT**

23 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-11

To prohibit limitations on membership based on age or disability

**Proposer(s):** District 1980, Switzerland

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 4 Membership in Clubs**

4

5 **4.070. Diversity of Membership.**

6 Each club or Rotaract club shall endeavor to build a well-balanced membership  
7 that celebrates diversity. No club ~~or Rotaract club~~, regardless of when it joined  
8 RI, may in any way limit membership due to gender, race, color, creed, age,  
9 disability, national origin, or sexual orientation, or impose any membership  
10 condition not specifically allowed by the RI constitution or bylaws. Any  
11 membership provision or condition in conflict with this section is null, void, and  
12 without effect.

(End of Text)

## **PURPOSE AND EFFECT**

13 Each club is free to actively focus its membership planning. However, it should  
14 not be permissible for new members or club transfers to be barred by age limits  
15 set in the club bylaws or due to disabilities. It goes without saying that disabled  
16 persons may not be discriminated against.

## **FINANCIAL IMPACT**

17 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-12

To remove the prohibition on dual membership

**Proposer(s):** Rotary Club of Mariefred, District 2370, Sweden  
Rotary Club of Florianópolis, District 4652, Brazil  
Rotary Club of Dr. Phillips, District 6980, USA

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 4 Membership in Clubs**

4

5 ~~4.040. Prohibited Dual Memberships.~~

6 ~~No member shall simultaneously:~~

7 ~~(a) belong to more than one club, other than a satellite of that club; or~~

8 ~~(b) be an honorary member in the same club.~~

9

10 (Subsequent sections will be renumbered as appropriate)

11

12 *And to amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

13

## 14 **Article 8 Membership**

15

16 ~~**Section 5** — *Prohibited Dual Memberships.* No member shall simultaneously~~

17 ~~(a) belong to this and another club other than a satellite of this club, or~~

18 ~~(b) be an honorary member in this club.~~

(Subsequent sections will be renumbered as appropriate)

(End of Text)

## **PURPOSE AND EFFECT**

19 Despite the persistent recruiting efforts of RI, districts, and clubs, there is little  
20 concrete data to show that membership has substantially increased at the club or  
21 district level. This enactment would allow dues-paying members to actively  
22 participate in and attend the meetings of more than one club.

23

24 Just as with the Council's recent decision allowing Rotaractors to hold active  
25 membership in both Rotaract and Rotary clubs, this change would expand the  
26 possibilities of the Rotary experience for active members by making it possible to  
27 be a member of more than one Rotary Club.

## **FINANCIAL IMPACT**

- 1 This enactment would have a financial impact on RI which cannot be determined
- 2 at this time. Cost would be dependent on the scope and extent of support
- 3 provided by the RI Board to accomplish this goal. There would be modifications
- 4 required to both existing RI systems and business processes to permit full
- 5 recognition of dual members by RI.

# PROPOSED ENACTMENT 22-13

(End of Text)

## **PURPOSE AND EFFECT**

1 This proposal would eliminate the requirement that a member work or live in the  
2 locality or surrounding area of his/her club and would align the RI Constitution  
3 and the Standard Rotary Club Constitution with RI's other governance  
4 documents, as well as current club practices. As written, Article 5, Section 2(a) of  
5 the RI Constitution and Article 13, Section 2(a) of the Standard Rotary Club  
6 Constitution require members to have a local presence with their clubs through  
7 business or residence. They are inconsistent with the structure of certain Rotary  
8 clubs and limit, rather than expand, membership.

9  
10 The world's first online-only Rotary club was successfully chartered in 2002 and  
11 has members from multiple countries and continents. Since then, other e-clubs  
12 and passport clubs have been formed and are growing. They allow flexibility,  
13 affordability, and accessibility and do not require members to have a physical  
14 presence in a particular locality.

15  
16 With the advancement of technology, people of all ages and backgrounds,  
17 particularly those who are younger, have family and job commitments, or are  
18 financially limited, should be encouraged to join a Rotary club that appeals to  
19 them and fits their needs. Rotary clubs should have the ability to develop  
20 membership beyond their geographical limits if the club and the prospective  
21 member have shared values and interests.

22  
23 The COVID-19 crisis has increased the use of online platforms to conduct  
24 meetings and enabled people to connect with Rotary clubs in ways and across  
25 localities that were not previously utilized. For many, this has broadened their  
26 awareness of Rotary and opportunities for service. While in-person meetings  
27 remain essential for community projects, events, and relationships, it is time and  
28 appropriate for clubs to expand their reach to those who want to join and offer  
29 their services, regardless of where they work and live.

## **FINANCIAL IMPACT**

30 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-14

To allow active members to propose prospective members in any club

**Proposer(s):** Rotary Club of Itajaí-Porta do Vale, District 4652, Brazil

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 4 Membership in Clubs**

4

5 **4.100. Sponsorship of Members.**

6 **Members may propose prospective members for membership in any club.**

(Subsequent sections will be renumbered as appropriate)

(End of Text)

## **PURPOSE AND EFFECT**

7 Despite the persistent recruiting efforts of RI, districts, and clubs, there is little  
8 data to show that membership has substantially increased for RI.

9

10 All of Rotary should be able to benefit from the extensive network of friendships  
11 and professional relationships maintained by Rotarians. This proposal would  
12 enable active members to propose and sponsor new Rotarians' membership in  
13 any Rotary club, in addition to that of the active member. In such a scenario, the  
14 sponsor would be recognized for referrals that end up successfully joining a club  
15 officially affiliated with RI.

16

17 The proposal is very much in line with the actions already being taken by RI to  
18 attract new members. It will support these initiatives and also generate additional  
19 per capita dues revenue for RI.

## **FINANCIAL IMPACT**

20 This enactment would have no substantial financial impact on RI. In addition,  
21 membership referrals to other clubs are already permitted through Rotary's  
22 online Membership Leads tool.

# PROPOSED ENACTMENT 22-15

To amend the provisions for membership in a satellite club

**Proposer(s):** District 5060, Canada and USA

1 *To amend the **BYLAWS** of Rotary International as follows*

19 12. In Writing: A communication capable of documentation, regardless of the method of transmission.  
20

## 22 23 **Article 4 Membership in Clubs**

### 24 25 **4.040. Prohibited Dual Memberships.**

26 No member shall simultaneously:

- 27 (a) belong to more than one club, other than a satellite of ~~that~~ a club; or  
28 (b) be an honorary member in the same club.

29  
30 *And to amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

## 31 32 **Article 1 Definitions**

- 33 1. Board: The Board of Directors of this club.  
34 2. Bylaws: The bylaws of this club.  
35 3. Director: A director on this club's Board.

37 5. RI: Rotary International.  
38 6. Satellite club (when applicable): A potential club whose members shall also be members of ~~this~~ a club.  
39

- 1 7. In Writing: A communication capable of documentation, regardless  
2 of the method of transmission.  
3 8. Year: The twelve-month period beginning 1 July.

## 4 **Article 8 Membership**

5  
6  
7 **Section 4 — *Satellite Club Members.*** Members of a satellite club of this club  
8 shall also be members of ~~this a~~ club until the satellite club is admitted to RI  
9 membership as a Rotary club.

10 **Section 5 — *Prohibited Dual Memberships.*** No member shall simultaneously

- 11 (a) belong to this and another club other than a satellite of ~~this a~~ club, or  
12 (b) be an honorary member in this club.

(End of Text)

## **PURPOSE AND EFFECT**

13 Satellite clubs are an effective tool for growing new and innovative Rotary clubs.  
14 It is often the case that clubs that have operated successfully for many years have  
15 customs and traditions that are not necessarily attractive to potential new  
16 members, but the current membership of these clubs has enjoyed these traditions  
17 and is not interested in significant change.

18  
19 In a geographical region in which there may be several different Rotary clubs, the  
20 formation of an alternate style of satellite club provides the opportunity for new  
21 growth. The limitation that all members of the satellite club must be members  
22 only of the host Rotary club limits the rate of potential growth since members of  
23 one Rotary club are not enthusiastic about sponsoring a new member into a  
24 Rotary club that is not their own.

25  
26 Removing the single-club membership requirement allows all Rotarians in a  
27 community to actively encourage new members who are interested in  
28 participating with an alternative type of club, such as a satellite club.

## **FINANCIAL IMPACT**

29 This enactment would have a financial impact on RI which cannot be determined  
30 at this time. Cost would be dependent on the scope and extent of support  
31 provided by the RI Board to accomplish this goal.

# PROPOSED ENACTMENT 22-16

To set age limits for Rotaractors

**Proposer(s):** District 3490, Taiwan

1 *To amend the **CONSTITUTION** of Rotary International as follows*

2

3 **Article 5 Membership**

4

5 **Section 3** — *Composition of Rotaract Clubs.* Rotaract clubs shall be composed  
6 of Rotaractors as ~~determined by the board~~ aged 18 to 40 years.

7

8 *And to amend the **BYLAWS** of Rotary International as follows*

9

10 **Article 4 Membership in Clubs**

11

12 **4.060. Rotaract Club Membership.**

13 A Rotaract club shall be composed of young adults, ~~as determined by the board~~  
14 aged 18 to 40 years.

(End of Text)

## PURPOSE AND EFFECT

15 According to Article 4 of the Standard Rotaract Club Constitution —  
16 Membership, eligible Rotaract club members “should be students and young  
17 professionals of good character and leadership potential aged 18 and over.”

18

19 At present, there is no upper age limit for Rotaract clubs. This will hinder Rotary  
20 clubs from recruiting new members, because of the overlap in member ages and  
21 the huge gap in the RI annual fees. Without an age limit, potential members may  
22 choose to join a Rotaract club instead of a standard Rotary club.

23

24 Today’s Rotaractors are some of the most dynamic young people of their  
25 generation. Therefore, it stands to reason that they have the greatest potential to  
26 make significant contributions to Rotary clubs, the original intent of creating  
27 Rotaract clubs. However, the lack of an upper age limit for Rotaract membership  
28 adversely impacts Rotary clubs. People have different goals, ideals, and outlooks  
29 at different stages of their lives; membership and their purpose for being a  
30 Rotarian. Setting the upper age limit for Rotaract club membership at 40 will  
31 better separate the two demographics, in terms of maturity, financial capability,  
32 and time allocation.

## **FINANCIAL IMPACT**

- 1 This enactment would have no substantial financial impact on RI. Currently,
- 2 there are very few Rotaract members that are above the age of 40.

# PROPOSED ENACTMENT 22-17

To set an age limit for Rotaractors

**Proposer(s):** Rotary Club of Kanpur West, District 3110, India

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 4 Membership in Clubs**

4

### 5 **4.060. Rotaract Club Membership.**

6 A Rotaract club shall be composed of young adults, ~~as determined by the board~~  
7 age 30 and below.

(End of Text)

## **PURPOSE AND EFFECT**

8 As per the decision of the last Council on Legislation, Rotaractors are allowed  
9 dual membership (i.e., simultaneous membership in both Rotary and Rotaract  
10 clubs). At the same time, the upper age limit for Rotaractors was removed. As a  
11 result, Rotaractors can remain members of Rotaract throughout their life.

12

13 Now, new problems are cropping up. Firstly, past Rotaractors who had become  
14 Rotarians are now leaving Rotary and re-joining Rotaract in order to avoid  
15 paying RI dues. Secondly, past Rotaractors in the age group of 40-50 years are re-  
16 joining Rotaract clubs in order to occupy positions of leadership.

17

18 These issues have now made it necessary to limit Rotaractors from occupying  
19 positions of leadership within a Rotaract club after a certain age, as well as to  
20 require that they pay standard RI dues as a precondition for Rotary club  
21 membership.

## **FINANCIAL IMPACT**

22 This enactment could potentially result in a decrease in revenues for RI if there is  
23 a decrease in membership or membership retention due to less flexibility for  
24 current and future members. Currently, there is limited age data available on  
25 Rotaractors.

# PROPOSED ENACTMENT 22-18

To state that Rotaractors may be members of RI committees

**Proposer(s):** Board of Directors of RI

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 17 Committees**

4

5 **17.080. Membership on Committees.**

6 Except as otherwise provided in these bylaws, the president shall appoint the

7 members of the committees and any subcommittees after consulting the board.

8 Committees may include Rotaractors as members. The president shall designate

9 the chair of each committee and subcommittee and serve as an ex officio member

10 of all RI committees.

(End of Text)

## **PURPOSE AND EFFECT**

11 With the elevation of Rotaract to a unique membership type in 2019, this  
12 enactment allows Rotaractors to apply for and be eligible to serve on any RI  
13 committee. At present, the RI Bylaws provide only for the appointment of  
14 Rotarians to RI committees unless otherwise stated.

## **FINANCIAL IMPACT**

15 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-19

To amend the provisions for nominating a candidate for president

**Proposer(s):** District 3490, Taiwan

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 10 Nominations and Elections for President**

4

5 **10.050. Nomination by the Committee.**

6

7 10.050.1. *Best Qualified Rotarian.*

8 The committee shall meet and nominate the best qualified Rotarian from among  
9 the list of past directors who have indicated they are willing to serve as president  
10 regardless of their country of residence. However, the committee shall not  
11 nominate ~~candidates from the same~~ a candidate whose country of residence two  
12 years consecutively is the same as that of the president, president elect, or a past  
13 president who served a full term during any of the prior four years.

(End of Text)

## **PURPOSE AND EFFECT**

14 Rotary is experiencing monumental change on all fronts, a situation that presents  
15 considerable challenges for RI's leadership to consider. In the RI presidential  
16 election, according to the current method, members of the same country can be  
17 elected as president every other year. The adoption of a provision prohibiting the  
18 selection of RI presidents from the same country within a five-year period will  
19 increase the participation levels of Rotarians worldwide. It will lift the morale of  
20 clubs throughout the world to have greater representation at the highest level(s)  
21 of their organization, and result in a more diversified development of RI.

## **FINANCIAL IMPACT**

22 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-20

To revise the timeline for president and director elections

**Proposer(s):** Board of Directors of RI

1 *To amend the **BYLAWS** of Rotary International as follows*

6

18  
19 10.030.4. *Balloting Committee Meeting.*

20 A balloting committee, appointed by the president, meets at a time, place, and

31 June. Those Rotarians not responding to the general secretary by ~~30 June~~ 15  
32 June will not be considered by the nominating committee. The general secretary  
33 shall forward the list of those willing to serve to the nominating committee and to  
34 any Rotarian upon request at least one week before the committee meeting.

35  
36 **10.070. Additional Nomination by Clubs.**

37 In addition to the nomination made by the committee, challenges may be made  
38 in the following manner:

39  
40 10.070.1. *Candidate Previously Considered and Concurrence.*

1 Any club may suggest as a challenging candidate a Rotarian who notified the  
2 general secretary pursuant to subsection 10.040.3. of their willingness to be  
3 considered for nomination for president through a resolution adopted by the  
4 club. The resolution must be supported by a concurrence of at least a majority of  
5 the clubs in the district obtained at a district conference or through a club ballot.  
6 The concurrence must be certified to the general secretary by the governor. The

9 endorsement. The requirements must be received by ~~1 October~~ 15 September.

10  
11 **10.070.2. Notification to Clubs of Challenging Candidates.**

12 After ~~1 October~~ 15 September, the general secretary shall notify the clubs of the  
13 suggested challenging candidates and provide them with an endorsement form.

14  
15 **10.070.4. Endorsement of Challenging Candidate.**

16 If on ~~15 November~~ 1 November, any challenging candidate has been endorsed by  
17 1 percent of the clubs comprising the membership of RI as of the most recent club  
18 invoice, with at least half of the endorsements from clubs in zones other than that  
19 of the challenging candidate(s), the challenging candidate(s) and the committee's  
20 nominee shall be balloted on as provided in section 10.090. If the challenging  
21 candidate(s) fails to receive the prescribed endorsements by ~~15 November~~ 1  
22 November, the president shall declare the committee's nominee to be the  
23 president-nominee.

24  
25 **10.090. Club Ballot.**

26 The procedure for electing a president by a club ballot as provided in section

28  
29 **10.090.3. Distribution of Ballot.**

30 The balloting committee shall send the ballot to each club by ~~15 February~~ 1  
31 January, with instructions that the completed ballot be returned to the balloting  
32 committee at World Headquarters by ~~15 April~~ 15 February. The ballot shall  
33 include photographs and biographical statements of the candidates.

34  
35 **10.090.4. Club Voting.**

15  
16 11.030.5. *Balloting Committee.*

29 include the names of the candidates who tied in the first club ballot, biographical  
30 statements, and photographs. The ballots and other materials shall be sent to

36 results to the general secretary within five days. The president shall inform all  
37 clubs in the zone of the director-nominee no later than ~~10 May~~ 10 April.

(End of Text)

**PURPOSE AND EFFECT**

38 The timelines for mail ballots in RI director and president elections were  
39 established when paper ballots had to be mailed from and returned to the  
40 Secretariat. As balloting is now conducted electronically, the time periods for  
41 these elections, when needed, can be shortened so that the outcome will be  
42 known sooner.

## **FINANCIAL IMPACT**

- 1 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-21

To amend the qualifications for director and membership on the director nominating committee

**Proposer(s):** Board of Directors of RI

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 5 Board of Directors**

4

5 **5.080. Terms and Qualifications of Directors.**

6

7 **5.080.2. Qualifications.**

8 A candidate shall have served a full term as governor before being proposed for  
9 director (unless the board determines that shorter service suffices), and at least  
10 three years must have elapsed since the candidate's service as governor. ~~The~~  
11 ~~candidate shall have attended at least two Rotary institutes and one convention~~  
12 ~~in the 36-month period before being proposed.~~ No person who served a full term  
13 as director, as defined in the bylaws or as determined by the board, may again be  
14 a director except as president or president-elect.

15

16 **Article 11 Nominations and Elections for Directors**

17

18 **11.020. Selection of Director-nominee and Alternate by Nominating Committee**  
19 *Procedure.*

20

21 **11.020.3. Membership on Nominating Committee.**

22 A nominating committee shall consist of one member from each district in the  
23 zone or section elected by the clubs of the district as provided. Each member shall  
24 be a past governor at the time of election, who is a member of a club in the  
25 relevant zone or section. ~~The members shall have attended (a) at least two Rotary~~  
26 ~~institutes of the zone from which the director is being nominated and (b) one~~  
27 ~~convention in the three years before serving on the committee. A district may, by~~  
28 ~~a resolution adopted at a district conference by a majority vote of the electors~~  
29 ~~present and voting, dispense with some or all of requirements (a) or (b), if the~~  
30 ~~resolution applies only to the next nominating committee.~~ Members shall be  
31 elected for a term of one year. Directors or past directors shall not be eligible for  
32 membership on the nominating committee. No Rotarian shall serve more than  
33 twice as a member of the nominating committee. Each member shall have one  
34 vote.

(End of Text)

## **PURPOSE AND EFFECT**

1 Currently, all candidates for director and membership on the director-  
2 nominating committee must have attended at least two Rotary institutes and one  
3 convention in the previous 36 months. In some parts of the Rotary world,  
4 particularly where there has not been a nearby convention in the preceding three  
5 years, there are few Rotarians who meet this qualification. Thus, this requirement  
6 may inadvertently be preventing otherwise qualified candidates from being  
7 eligible to serve in these roles. Eliminating these requirements will help expand  
8 the number of Rotarians that are eligible to serve in these two positions.

## **FINANCIAL IMPACT**

9 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-22

To amend the qualifications for membership on the director nominating committee

**Proposer(s):** Rotary Club of Delhi Lutyens, District 3011, India

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 11 Nominations and Elections for Directors**

4

5 **11.020. Selection of Director-nominee and Alternate by Nominating Committee**  
6 *Procedure.*

7

8 11.020.3. *Membership on Nominating Committee.*

9 A nominating committee shall consist of one member from each district in the  
10 zone or section elected by the clubs of the district as provided. Each member shall  
11 be a past governor at the time of election, who is a member of a club in the  
12 relevant zone or section. The members shall have attended (a) at least two Rotary  
13 institutes of the zone from which the director is being nominated and (b) one  
14 convention ~~in the three years before serving on the committee~~ at the time of their  
15 nomination. A district may, by a resolution adopted at a district conference by a  
16 majority vote of the electors present and voting, dispense with some or all of  
17 requirements (a) or (b), if the resolution applies only to the next nominating  
18 committee. Members shall be elected for a term of one year. Directors or past  
19 directors shall not be eligible for membership on the nominating committee. No  
20 Rotarian shall serve more than twice as a member of the nominating committee.  
21 Each member shall have one vote.

(End of Text)

## PURPOSE AND EFFECT

22 Members of the nominating committee for director are not currently required to  
23 have attended an RI Convention or zone institute prior to being selected to serve  
24 on the nominating committee. They may choose to attend after their election, but  
25 before the nominating committee meeting.

26

27 This amendment would ensure that nominating committee members are  
28 experienced and fully aware of their responsibility for electing the RI director.  
29 Eligibility for candidacy should be based on their having attended an RI  
30 Convention or zone institute. This would ensure commitment and sincerity of the  
31 committee member. This proposed amendment would eliminate the possibility of

- 1 an invalidated election resulting from the candidate being unable to fulfill his or
- 2 her attendance obligation subsequent to receiving the nomination.

**FINANCIAL IMPACT**

- 3 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-23

To revise the qualifications for director

**Proposer(s):** Rotary Club of Enebakk, District 2260, Norway  
District 2275, Norway  
District 2290, Norway  
District 2305, Norway and Sweden

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 5 Board of Directors**

4

5 **5.080. Terms and Qualifications of Directors.**

6

7 **5.080.2. Qualifications.**

8 A candidate shall have served a full term as governor before being proposed for  
9 director (unless the board determines that shorter service suffices), ~~and at least~~  
10 ~~three years must have elapsed since the candidate's service as governor.~~ The  
11 candidate shall have attended at least two Rotary institutes and one convention  
12 in the 36-month period before being proposed. No person who served a full term  
13 as director, as defined in the bylaws or as determined by the board, may again be  
14 a director except as president or president-elect.

(End of Text)

## **PURPOSE AND EFFECT**

15 Given the current zone election criteria for director, as well as the lengthy time  
16 period required to become a leader within Rotary, Rotary's senior leadership may  
17 not be reflective of its overall membership in either age or gender. The current  
18 qualifications may exclude engaged, qualified Rotarians from leadership  
19 positions because they are required to wait at least three years for no apparent  
20 reason. Rotarians have repeatedly expressed the need for engaged, younger, and  
21 more diverse leadership at the zone level and on the RI Board, in order to ensure  
22 the strong future of the organization, as well as to help attract an engaged,  
23 younger, and more diverse membership.

24

25 Removing the provision that requires a three-year interval following the  
26 Rotarian's service as governor will expand the range of qualified Rotarians,  
27 enable younger members to serve as leaders of RI, and inspire engaged, qualified  
28 members to seek out senior leadership roles within Rotary.

## **FINANCIAL IMPACT**

- 1 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-24

To amend the timeline for the club ballot procedures for the election of directors

**Proposer(s):** Rotary Club of Vijayawada Midtown, District 3020, India

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 11 Nominations and Elections for Directors**

4

### 5 **11.030. Club Ballot Procedure.**

6

#### 7 11.030.3. *Deadline for Receipt of Ballots.*

8 The general secretary shall send the ballot including photographs and  
9 biographical statements to each club in the zone or section no later than the  
10 following 31 December. The ballot shall be sent with instructions that the  
11 completed ballot must be returned to the general secretary at the World  
12 Headquarters no later than ~~1 March~~ 15 January.

13

#### 14 11.030.5. *Balloting Committee.*

15 The president shall appoint a balloting committee to examine and count ballots.  
16 The committee shall meet at a time, place, and manner determined by the  
17 president, no later than ~~5 March~~ 19 January. The committee shall certify the  
18 results to the general secretary within five days.

19

#### 20 11.030.7. *Announcement of Director-nominee.*

21 The president shall announce the name of the director-nominee selected no later  
22 than ~~10 March~~ 24 January.

23

#### 24 11.030.8. *Tie Vote.*

25 If a club ballot results in a tie for director-nominee, a second club ballot shall be  
26 conducted. The general secretary shall prepare and send the ballots, which shall  
27 include the names of the candidates who tied in the first club ballot, biographical  
28 statements, and photographs. The ballots and other materials shall be sent to  
29 each club in the zone or section by ~~15 March~~ 29 January with instructions that  
30 the completed ballot be returned to the general secretary at the World  
31 Headquarters no later than the following ~~1 May~~ 13 February. The balloting  
32 committee shall meet at a time, place, and manner determined by the president  
33 to count the ballots, no later than ~~5 May~~ 17 February. The balloting committee  
34 shall certify the results to the general secretary within five days. The president  
35 shall inform all clubs in the zone of the director-nominee no later than ~~10 May~~ 22  
36 February.

(End of Text)

## **PURPOSE AND EFFECT**

1 Digitalization is paving the way for enhanced productivity in every field of human  
2 endeavor. Director elections are no exception to this, as voting for the position is  
3 now conducted by e-ballot. The 60-day period currently mandated by RI for such  
4 voting is excessive, as voting can now be accomplished by the click of a button on  
5 an email, and unnecessarily delays this important administrative function.

6  
7 A voting window of 15 days suits the requirement to allow adequate time for a  
8 consultative process within the club as well as for the actual voting. RI is already  
9 using this 15-day window successfully in connection with the e-balloting  
10 procedure for district governor elections.

11  
12 This enactment, if adopted, would increase the efficiency of RI's corporate  
13 governance.

## **FINANCIAL IMPACT**

14 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-25

To amend the qualifications of a governor-nominee

**Proposer(s):** Board of Directors of RI

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 16 Governors**

4

### 5 **16.010. Qualifications of a Governor-nominee.**

6 Unless excused by the board, the person selected as a governor-nominee shall at  
7 the time of selection:

8 (a) be a member in good standing of a functioning club in the district;

9 (b) have been a Rotarian for at least five years or have the equivalent  
10 leadership experience;

11 (b) ~~(c)~~ have served as club president for a full term or as charter president for  
12 at least six months;

13 (e) ~~(d)~~ demonstrate willingness, commitment, and ability to fulfill the duties  
14 and responsibilities of a governor in section 16.030.;

15 ~~(d)~~ (e) demonstrate knowledge of the qualifications, duties, and  
16 responsibilities of governor as prescribed in the bylaws; and

17 (e) ~~(f)~~ submit to RI a statement that the Rotarian understands those  
18 qualifications, duties, and responsibilities, is qualified for the office of  
19 governor, and is willing and able to assume and faithfully perform those  
20 duties and responsibilities.

21

### 22 **16.020. Qualifications of a Governor.**

23 Unless excused by the board, a governor, when taking office, must have attended  
24 the international assembly for its full duration, ~~have been a Rotarian for at least~~  
25 ~~seven years~~, and continue to possess the qualifications in section 16.010.

(End of Text)

## **PURPOSE AND EFFECT**

26 While Rotary leadership experience is invaluable, there are many Rotarians who  
27 have professional leadership expertise outside of Rotary. This proposal would  
28 allow for more candidates with either Rotary or non-Rotary leadership expertise  
29 to be considered by district nominating committees. Additionally, this change  
30 would open up opportunities for newer Rotarians to serve as a district governor.

## **FINANCIAL IMPACT**

- 1 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-26

To revise the qualifications for governor

**Proposer(s):** Rotary Club of Enebakk, District 2260, Norway  
District 2275, Norway  
District 2290, Norway  
District 2305, Norway and Sweden

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 16 Governors**

4

5 **16.020. Qualifications of a Governor.**

6 Unless excused by the board, a governor, when taking office, must have attended  
7 the international assembly for its full duration, ~~have been a Rotarian for at least~~  
8 ~~seven years~~, and continue to possess the qualifications in section 16.010.

(End of Text)

## PURPOSE AND EFFECT

9 Due to the timeline for becoming a leader within Rotary, Rotary senior leaders  
10 may not reflect Rotary membership in age. The current tenure qualifications are  
11 not based on a candidate's skills and may exclude engaged and otherwise  
12 qualified Rotarians from leadership positions, because they have to wait for no  
13 obvious reason. Rotarians have repeatedly expressed the need for engaged,  
14 younger, and more diverse leadership at the district and zone levels, to ensure the  
15 strong future of the organization and to help attract an engaged, younger, and  
16 more diverse membership.

17

18 Removing the requirement that a candidate must have been a Rotarian for at  
19 least seven years will expand the range of qualified Rotarians, enable younger  
20 members to serve as leaders of RI, and inspire engaged and otherwise qualified  
21 members to seek out leadership roles.

## FINANCIAL IMPACT

22 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-27

To authorize the Board to remove a Rotarian's past officer status

**Proposer(s):** Board of Directors of RI

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 6 Officers**

4

5 **6.050. Removal of Past Officer Status.**

6 The board, for cause, may remove a Rotarian's past officer status even though  
7 they have served as a past officer. A Rotarian who has been determined by the  
8 board to no longer be considered to be a past RI officer shall not be eligible to  
9 serve in any office referenced in these bylaws for which serving as a past officer is  
10 required. Prior to the board taking this action, the Rotarian shall be given an  
11 opportunity to provide reasons as to why this action should not be taken.  
12 Removal of an individual's past officer status requires a two-thirds vote of the  
13 entire board.

(Subsequent sections will be renumbered as appropriate)

(End of Text)

## **PURPOSE AND EFFECT**

14 This item comes from the Board's Operations Review Committee. In certain  
15 circumstances the Board currently may determine that a past officer will no  
16 longer be considered to be a past officer of RI. The grounds for this determination  
17 may include, but are not limited to, a finding that the past officer has been  
18 involved in criminal activity, financial malfeasance, fraud, harassment, election  
19 interference, lawsuits against Rotary, its officers, or clubs, has acted in a manner  
20 inconsistent with the Rotarian Code of Conduct, or has engaged in any other  
21 action or activity that the Board considers to be inconsistent with the standard of  
22 conduct appropriate for a past officer.

23

24 However, the Board's determination not to consider a Rotarian to be a past  
25 officer of RI does not currently prevent the person from seeking offices in RI for  
26 which serving as a past officer is a prerequisite. The proposed legislation would  
27 remove this inconsistency so that any Rotarian whose past officer status is  
28 removed will not be considered a past officer for any purpose.

## **FINANCIAL IMPACT**

- 1 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-28

To revise the process for changing sections in a zone

**Proposer(s):** Board of Directors of RI

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 11 Nominations and Elections for Directors**

4

5 **11.010.** *Nominations for Directors by Zones.*

6

7 11.010.4. *Realignment of Zones.*

8 Any new alignments can be made by the board.

9

10 11.010.5. *Sections Within Zones.*

11 The board may create, modify, or eliminate sections in zones in order to rotate  
12 the directorship within a zone by nominating RI directors on a schedule set by  
13 the board, based on an approximately equal of number of Rotarians. ~~Except for~~  
14 ~~zones that include clubs in RIBI, no such section shall be created, modified, or~~  
15 ~~eliminated over the objection of a majority of the clubs in the zone.~~

(End of Text)

## **PURPOSE AND EFFECT**

16 Currently, RI Bylaws subsection 11.010.4. provides that the Board may create and  
17 modify zones. RI Bylaws subsection 11.010.5. states that the Board may also  
18 create and modify sections in zones when needed to ensure that the directorship  
19 rotates within the zone. Currently, 10 of the 34 zones are sectioned.

20

21 While the Board can make changes to zone boundaries, the final sentence in  
22 subsection 11.010.5. limits the Board's authority to create or modify sections  
23 within zones and is inconsistent with subsection 11.010.4. This legislation would  
24 clarify that the right to modify zones includes the right to modify sections within  
25 zones.

## **FINANCIAL IMPACT**

26 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-29

To revise the process for reviewing and changing zone boundaries

**Proposer(s):** District 5440, USA

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 11 Nominations and Elections for Directors**

4

5 **11.010. Nominations for Directors by Zones.**

6 Nominations for directors shall be by zones.

7

8 11.010.3. Periodic Review of Zone Boundaries.

9 The board shall appoint a committee to review the composition of the zones at  
10 least every eight years to maintain an approximately equal number of Rotarians  
11 in each zone while maintaining, wherever possible, a common language, culture,  
12 and contiguous geographic boundary between the paired zones. The board may  
13 also undertake, as necessary, interim reviews for the same purpose.

14

15 11.010.4. Members of the Committee.

16 The committee shall consist of three current directors, the immediate past RI  
17 president, and the general secretary.

18

19 11.010.5. Realignment Criteria.

20 The committee shall apply the following criteria and weighted percentage,  
21 wherever possible, in recommending changes in zone boundaries:

22 1) Maintain an approximately equal number of Rotarians in each zone (40  
23 percent)

24 2) Achieve contiguous geographic boundaries vis-à-vis the clubs and districts  
25 within paired zones (25 percent)

26 3) Achieve common languages vis-à-vis the clubs and districts within the  
27 paired zones (25 percent)

28 4) Achieve common cultures vis-à-vis the clubs and districts within the paired  
29 zones (10 percent)

30

31 11.010.6. Committee Recommendations

32 The committee's recommendations shall be provided to the board. While the  
33 board has the final authority to implement modified zone boundaries, it shall  
34 communicate the reasons for any decision contrary to the committee's  
35 recommendations, in writing, to the committee.

36

37 ~~11.010.4.~~ 11.010.7. Realignment of Zones.

38 Any new alignments can be made by the board.

1 ~~11.010.5.~~ 11.010.8. Sections Within Zones.

2 The board may create, modify, or eliminate sections in zones in order to rotate  
3 the directorship within a zone by nominating RI directors on a schedule set by  
4 the board, based on an approximately equal of number of Rotarians in a fair and  
5 logical manner the directorship within a zone. These sections shall nominate RI  
6 directors on a schedule determined by the board that is based, in part, on an  
7 approximately equal number of Rotarians, with due consideration given to  
8 achieving or maintaining common languages, cultures and geographic  
9 boundaries where possible. Except for zones that include clubs in RIBI, no such  
10 section shall be created, modified, or eliminated over the objection of a majority  
11 of the clubs in the zone.

(Subsequent subsections will be renumbered as appropriate)

(End of Text)

## **PURPOSE AND EFFECT**

12 This proposed legislation would ensure that the periodic review and realignment  
13 of zone boundaries will preserve and enhance the relationships of the individual  
14 and paired zones. As we work to increase our impact and expand our reach, we  
15 encourage clubs and districts to work together on larger, more sustainable  
16 projects. Common language and culture help clubs and districts find partners  
17 with similar interests and passions. While there is value in maintaining an  
18 approximately equal number of Rotarians in each zone, this should not be the  
19 overriding criterion for realignment.

## **FINANCIAL IMPACT**

20 This enactment would result in an increase in expenses for RI. Committee costs  
21 are primarily driven by meeting expenses and staff support. Actual meeting  
22 expenses for a six-member committee would be nominal for a virtual meeting, or  
23 approximately US\$20,000 for an in-person meeting, mainly for airfare, hotel,  
24 and meals. Related indirect cost for additional time provided by existing staff to  
25 support the committee is estimated at US\$30,000.

# PROPOSED ENACTMENT 22-30

To provide for the regular review of RI's governance structure

**Proposer(s):** Rotary Club of Dronninglund, District 1440, Denmark and Faroe Islands  
District 2250, Norway  
District 2260, Norway  
District 2290, Norway  
District 2310, Norway  
Rotary Club of Göteborg, District 2360, Sweden  
District 2390, Sweden  
District 2400, Sweden

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 5 Board of Directors**

4

### 5 **5.010. Duties of the Board.**

6

#### 7 5.010.4. Review of Governance Structure.

8 The board shall retain, no less often than every 12 years, an outside professional  
9 consulting firm or firms to undertake a comprehensive review of the corporate  
10 governance structure of RI and report the findings and recommendations to the  
11 next council on legislation.

(End of Text)

## **PURPOSE AND EFFECT**

12 The corporate governance structure of RI has remained unchanged for many  
13 years and the governance needs of RI are different from what they may have been  
14 many years ago. A comprehensive review of Rotary's current corporate  
15 governance structure is overdue and might suggest areas in which Rotary's  
16 governance could and should be modified and improved.

17

18 Some concepts that could be reviewed, while not exhaustive, might include

19

a) the length of the terms for the RI Board of Directors and Rotary  
Foundation Trustees;

20

b) the executive and administrative functions of the RI president and general  
secretary;

21

c) whether the RI president should be a paid position; and

22

d) qualifications to serve on the RI Board or The Rotary Foundation Board of  
Trustees.

23

24

25

1 The RI Board has retained outside professional consulting firms to advise on  
2 many proposed programs and projects, including RI's Strategic Plan and The  
3 Rotary Foundation's Future Vision Plan.

### **FINANCIAL IMPACT**

4 This enactment would have a financial impact on RI which cannot be determined  
5 at this time. An increase in expenses is contingent upon the cost for an outside  
6 professional consulting firm or firms to undertake a comprehensive review of the  
7 corporate governance structure of RI. Cost would be contingent upon the scope  
8 and specific details of such a project.

# PROPOSED ENACTMENT 22-31

To provide for the regular review of RI's governance structure

**Proposer(s):** Rotary E-Club of Riddarfjärden, District 2370, Sweden

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 5 Board of Directors**

4

### 5 **5.010. Duties of the Board.**

6

#### 7 5.010.4. Review of Governance Structure.

8 The board shall retain, no less often than every nine years, an outside  
9 professional consulting firm or firms to undertake a comprehensive review of the  
10 corporate governance structure of RI and report the findings and  
11 recommendations to the next council on legislation.

(End of Text)

## **PURPOSE AND EFFECT**

12 The corporate governance structure of RI has remained unchanged for many  
13 years and the governance needs of RI are different from what they may have been  
14 many years ago. A comprehensive review of Rotary's organization could and  
15 should be conducted to modify and improve its governance structure.

16

17 Some concepts that could be reviewed, while not exhaustive, might include

- 18 a) the length of the terms for the RI Board of Directors and The Rotary  
19 Foundation Trustees;
- 20 b) the executive and administrative functions of the RI president and general  
21 secretary;
- 22 c) whether the RI president should be a paid position; and
- 23 d) qualifications to serve on the RI Board or The Rotary Foundation Board of  
24 Trustees.

25

26 The RI Board has retained outside professional consulting firms to advise on  
27 many proposed programs and projects, including RI's Strategic Plan and The  
28 Rotary Foundation's Future Vision Plan.

29

30 It is a fact that the rules for choosing the RI president promote the choice of a  
31 Rotarian, and even make it impossible to choose anyone other than a Rotarian  
32 who is in his/her late sixties, or even older. In the past few years, this has become  
33 even more obvious, with the replacement of several RI presidents-elect due to

1 death, or for health reasons.

2

3 What Rotary needs is an organizational structure in which it is possible to hold  
4 any office and yet remain active in one's profession. Otherwise, Rotary will  
5 continue on as an organization managed largely by retirees, and thus unable to  
6 keep up with the expectations of today's active and engaged Rotarians.

7

8 For this to be fully achieved, almost all positions must be modified accordingly,  
9 for example those of the RI president, director, governor, and club president.

### **FINANCIAL IMPACT**

10 This enactment would have a financial impact on RI which cannot be determined  
11 at this time. An increase in expenses is contingent upon the cost for an outside  
12 professional consulting firm or firms to undertake a comprehensive review of the  
13 corporate governance structure of RI. Cost would be contingent upon the scope  
14 and specific details of such a project.

# PROPOSED ENACTMENT 22-32

To amend the officers of RIBI

**Proposer(s):** General Council of RIBI, England

1 *To amend the **CONSTITUTION** of Rotary International as follows*

2

3 **Article 7 Officers**

4 **Section 1 – Titles.** The officers of RI shall be president, president-elect, vice-  
5 president, treasurer, other directors, general secretary, district governors, and  
6 the ~~president, immediate past president, vice-president~~ chair, chair-elect, and  
7 honorary treasurer of RI in Great Britain and Ireland.

8

9 *And to amend the **BYLAWS** of Rotary International as follows*

10

11 **Article 11 Nominations and Elections for Directors**

12

13 **11.040.** *Nominations for Officers of RIBI.*

14 Nominees for ~~president, vice-president~~ chair, chair-elect, and honorary treasurer  
15 of RIBI shall be selected, proposed, and nominated pursuant to the bylaws of  
16 RIBI.

(End of Text)

## **PURPOSE AND EFFECT**

17 This enactment simply changes the title of the Rotarian who chairs the RIBI  
18 General Council from “president” to “chair” and updates the RI officers from  
19 within RIBI. In the rest of the Rotary world, the title “president” applies only to  
20 club presidents and the president of RI. This enactment seeks to remove any  
21 potential confusion between the RIBI president and the president of RI.

## **FINANCIAL IMPACT**

22 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-33

To amend the composition of the Board of Trustees of The Rotary Foundation

**Proposer(s):** District 1980, Switzerland

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 22 The Rotary Foundation**

4

### 5 **22.020. Trustees.**

6 There shall be 15 trustees, each nominated by the president-elect and elected by  
7 the board in the year before taking office. ~~Four~~ At least two trustees shall be past  
8 RI presidents. The composition of the trustees should reflect the worldwide  
9 apportionment of RI. All trustees shall satisfy the qualifications in TRF's bylaws.  
10 In the event of a vacancy, a new trustee shall be nominated by the president and  
11 elected by the board to complete the term. The terms of the trustees shall be four  
12 years. Trustees may be reelected and shall serve without compensation.

(End of Text)

## **PURPOSE AND EFFECT**

13 In the past, the composition of the Board of Trustees of The Rotary Foundation  
14 has not always reflected the geographical distribution of members.

15

16 However, experience shows that respect for regional differences is a prerequisite  
17 for the success of the Foundation. Without an adequate distribution of the  
18 Trustees (comparable with those of the RI Board of Directors), the requirement  
19 that Regional Rotary Foundation Coordinators and endowment/major gift  
20 advisors should work closely with the Trustees can hardly be met in certain  
21 regions for capacity reasons. Freedom of choice is also severely restricted by the  
22 requirement that four Trustees be past RI presidents.

23

24 The proposed amendment will ensure that the Foundation is more representative  
25 of all regions and will provide more flexibility when selecting the most capable  
26 candidates.

## **FINANCIAL IMPACT**

27 This enactment would have no substantial financial impact on RI.

8 Each member shall be a paid subscriber to the official magazine or to a Rotary  
9 magazine approved for that club by the board for the duration of their  
10 membership. Two Rotarians residing at the same address may subscribe jointly  
11 to an official magazine. The board shall determine the subscription price of all  
12 editions of the official magazine. Clubs shall collect the subscription fee and  
13 forward it to RI. Each member ~~may choose either a printed or (where available)~~  
14 will receive an electronic copy, and may choose to also receive the printed copy.  
15 The board may excuse a club from complying with this section if its members are  
16 not literate in any of the languages of the official magazine or the Rotary  
17 magazine approved by the board for the club.

(End of Text)

## PURPOSE AND EFFECT

18 Rotary magazines are an important vehicle for messages from the RI president,  
19 RI Board, Trustees, and other Rotary officers to Rotarians, as well as for sharing  
20 ideas of general interest or information regarding club and district activities.  
21 With advanced digital technology, people can access news on smartphones,  
22 tablets, or laptops. Digital media is more agile and cost effective, enabling the  
23 immediate distribution of information. Most Rotary clubs and districts already  
24 publish their newsletters and other member information digitally.

25

26 Rotary's newly-updated website, rotary.org, has increased its public visibility, and  
27 also provides for greater member accessibility and communication worldwide.  
28 The Rotary magazine is now available electronically, as well as Global Outlook  
29 and other newsletters on various topics and in several languages.

1 It should also be noted that the RI Board and the Trustees have added a new area  
2 of focus, support for the environment, with initial grant funding projected for 1  
3 July 2021. An organization that prioritizes environmental preservation should  
4 limit publishing materials that require wood pulp for paper production, ink and  
5 chemicals for printing, as well as electricity, all of which create a negative  
6 environmental impact. Recycling paper also involves the use of chemicals for  
7 bleaching, as well as large amounts of water and energy.

8  
9 The intention of this proposal is not to completely do away with the printed  
10 magazine – a significant number of Rotarians still prefer this format and it can be  
11 used to supplement the electronic version in areas that lack internet access. The  
12 intent is rather to offer Rotarians the option of either a digital or printed version,  
13 as is now done by publishers of traditional newspapers and magazines  
14 throughout the world.

15  
16 The purpose of this proposal, therefore, is to preserve the environment.

## **FINANCIAL IMPACT**

17 This enactment would have a financial impact on RI which cannot be determined  
18 at this time.

19  
20 If the number of printed magazines were to decrease, there would be an  
21 increased cost per copy of each magazine because of a because of smaller print  
22 run. A change in expense is contingent on the number of Rotarians that choose to  
23 receive both an electronic and a printed copy.

24  
25 Based on 2019-2020 data for 400,000 subscribers to *The Rotary Magazine*:

- 26  
27 • revenues are approximately US\$5.7 (subscriptions US\$5.6 million and  
28 advertising US\$100,000)
- 29 • direct expenses are approximately US\$5.1 million (primarily for paper,  
30 printing, postage and editorial staffing)

31  
32 In addition, there are indirect expenses for technology, visual media, and  
33 secretariat staffing outside of editorial and overhead expenses. Other expenses  
34 would also be incurred for modifying systems and processes for tracking and  
35 maintaining appropriate subscriber data.

36  
37 Currently, 7 percent of Rotarians have opted to receive an electronic copy of the  
38 official magazine.

39  
40 Revenues and expenses for regional magazines are not recorded by RI. However,  
41 the publishers of regional magazines would experience a similar impact on their  
42 revenues and expenses.

## PURPOSE AND EFFECT

6 Traditionally, Rotary’s official magazines have been the preferred medium used  
7 by the RI president and Board to keep Rotarians around the world informed and  
8 publicize Rotary initiatives. Rotarians worldwide use magazines to exchange  
9 ideas and information.

10

11 However, the world has changed. People nowadays use digital channels to  
12 exchange ideas and transmit information, including Rotary, around the world.  
13 These channels are considered more cost-effective and timely, as Rotarians  
14 receive information immediately and at a lower cost.

15

16 RI has long used digital channels such as blogs, subject-specific e-newsletters,  
17 and social media to communicate and disseminate information through its  
18 website. Consequently, much of the material published in magazines is similar to  
19 that offered in digital media, which is why it is of less interest to Rotarians at the  
20 time of publication.

21

22 In addition, RI recently decided to add a new area of focus, protecting the  
23 environment. A lower print run of paper magazines would help to reduce the  
24 negative environmental impact of the use of paper, starting with the felling of  
25 trees, through the manufacture of paper and even its consumption, which often  
26 becomes excessive.

## FINANCIAL IMPACT

27

28 This enactment could result in a substantial decrease in net revenues for RI  
29 which cannot be determined at this time, dependent upon the number of  
30 Rotarians who opt to subscribe to *The Rotary Magazine*.

31

32 A reduced circulation will decrease subscription and advertising revenues, but  
33 the cost per copy of each magazine will increase as a result of a smaller print run.

34

35 Based on 2019-2020 data for 400,000 subscribers to *The Rotary Magazine*:

36

- revenues are approximately US\$5.7 million (subscriptions US\$5.6 million and advertising US\$100,000).

- 1           • direct expenses are approximately US\$5.1 million (primarily for paper,  
2           printing, postage and editorial staffing).

3

4   In addition, there are indirect expenses for technology, visual media, and  
5   Secretariat staffing outside of editorial and overheads. Other expenses would also  
6   be incurred for process and technology modifications required to maintain  
7   appropriate subscriber data.

8

9   Revenues and expenses for regional magazines are not recorded by RI. However,  
10   the publishers of regional magazines would experience a similar unfavorable  
11   impact on their circulation, revenues and expenses.

# PROPOSED ENACTMENT 22-36

To decrease the number of members required to charter a new club

**Proposer(s):** District 5950, USA

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 2 Membership in Rotary International**

4

5 **2.010. Application for Membership in RI.**

6

7 2.010.1. *New Clubs.*

8 A new club shall have at least ~~20~~ 15 charter members.

(End of Text)

## **PURPOSE AND EFFECT**

9 As new, innovative clubs are formed, experience has proven that they can expand  
10 rapidly after their formation. A club that is up and running can attract new  
11 members based on its activities in the community, particularly if it has a strong  
12 articulated message for a particular type of service. Our district has seen this in  
13 action, where clubs consisting of armed services veterans, professionals working  
14 to end human trafficking, and a network of individuals working to empower  
15 women all grew membership significantly almost immediately after chartering.  
16 Many clubs around the world operate and create outsize impact with 15 or fewer  
17 club members. The intent of this enactment is not to promote the growth of such  
18 smaller clubs, but to facilitate the expansion of a small nucleus of highly-  
19 dedicated Rotarians into a larger group with a compelling service brand.

## **FINANCIAL IMPACT**

20 This enactment could have a financial impact on RI which cannot be determined  
21 at this time. An increase or decrease in revenue is contingent upon the impact  
22 that this change would have on membership growth or retention.

# PROPOSED ENACTMENT 22-37

To remove provisions regarding the admission fee from the RI Bylaws

**Proposer(s):** Rotary Club of Itajaí-Porta do Vale, District 4652, Brazil

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 2 Membership in Rotary International**

4

5 **2.010.** *Application for Membership in RI.*

6 To be admitted to RI, a club or Rotaract club applies to the Board for  
7 membership. ~~The application shall be accompanied by an admission fee set by~~  
8 ~~the board.~~ Membership takes effect when the board approves it.

(End of Text)

## **PURPOSE AND EFFECT**

9 This proposal aims to exempt new clubs from payment of the standard admission  
10 fee required upon application for membership in RI (Article 2 of the RI Bylaws).

11

12 Despite the persistent recruiting efforts of RI, districts, and clubs, there is a  
13 clearly observable trend of stagnant or declining membership over the past 20  
14 years. This results in a considerable amount of redistricting. The creation of new  
15 clubs is the one activity that contributes to RI's overall growth and expansion.

16

17 RI currently provides for the creation of new clubs in RI Bylaws Article 2 and  
18 requires the payment of an admission fee to cover the administrative and  
19 maintenance costs associated with new clubs (Rotary Code of Policies Article  
20 18.020.7.). Responsibility for payment of this charge is passed along directly to  
21 the members of charter clubs, in the form of admission fees, as well as to their  
22 sponsor clubs and to the district, thus inhibiting the further creation of new  
23 clubs. It should be noted, however, that the district and sponsor club generally  
24 bear a greater part of the overall financial burden in chartering new clubs.

25

26 It is hoped that the proposed change will increase the creation of new clubs, thus  
27 generating greater overall membership growth and an increased stream of per  
28 capita dues revenue for RI.

## **FINANCIAL IMPACT**

- 1 This enactment would result in a decrease in revenues for RI. The admission fee
- 2 for a new Rotary club is based on the number of new members in the club. Over
- 3 the last three years, the average number of new clubs per year has been 850, with
- 4 an average of 25 new members per club. Eliminating the admission fee would
- 5 reduce RI revenue by approximately US\$320,000 per year.

# PROPOSED ENACTMENT 22-38

To authorize the Board to suspend or terminate a club or Rotaract club for initiating litigation against a district

**Proposer(s):** District 4590, Brazil

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 3 Resignation, Suspension or Termination of Membership in**  
4 **RI**

5

6 **3.020. Board Discipline, Suspension, or Termination of a Club or Rotaract**  
7 **Club.**

8

9 **3.020.1. Suspension or Termination.**

10 The board may suspend or terminate a club or Rotaract club that:

11

12 (c) initiates or maintains, or retains a member or Rotaractor who initiates or  
13 maintains, litigation against RI, ~~or TRF,~~ or the district, including their  
14 directors, trustees, officers, agents, and employees, before exhausting all  
15 remedies in the constitutional documents; or

(End of Text)

## **PURPOSE AND EFFECT**

16 The purpose of this proposal is to discourage the use of litigation against the  
17 district as an incorporated entity. It would also complement the existing  
18 provision of using mediation or arbitration to solve conflicts between individuals  
19 and Rotary institutions, RI Bylaws section 24.010., in which the district is already  
20 included as an admissible party in disputes that require mediation or arbitration.

21

22 It is indicated in subsection 3.020.1. that the RI Board may impose sanctions,  
23 such as suspension or termination, upon clubs maintaining in their membership  
24 a person who initiates legal claims against Rotary institutions. However, no  
25 mention is made of the district as an incorporated entity, even though Rotary  
26 officers, such as governors, are included.

27

28 The amendment aims to remedy this omission and reinforce the obligation to  
29 resort to mediation and arbitration prior to the pursuit of legal action. By  
30 preventing unnecessary litigation, we can reduce legal expenses, mitigate  
31 interpersonal relationship issues, fulfill the premises of The Four-Way Test and,  
32 above all, preserve Rotary's public image.

## **FINANCIAL IMPACT**

- 1 This enactment would have no substantial financial impact on RI.

24 past president. The chair and vice chair shall be jointly appointed by the RI president  
25 and the TRF chair. Members who served fewer than three years may be reappointed.  
26 Members shall be selected to balance experience in long term planning, RI or TRF  
27 programs and activities, and financial management. The committee shall meet as

29  
30 ***17.060. Audit Committee.***

31 The board shall appoint an audit committee with seven members, each of whom shall be  
32 independent and financially literate. The committee shall include two board members

2 5.010.2.(c). All committee actions and decisions are subject to board approval, except  
3 the decision of the nominating committee for president in selecting a president-  
4 nominee. However, the board has jurisdiction over all actions and decisions that are in  
5 violation of article 13.

(End of Text)

### **PURPOSE AND EFFECT**

6 This item comes from the Board's Working Group on Committees. Having committees  
7 mandated in the RI Bylaws creates inflexibility and for most nonprofit boards, the  
8 creation of standing committees is a governance function reserved to the Board. In  
9 addition, the terms of reference for some of the committees are often vague and the  
10 committee's goals are unclear. This proposal would require the Board to establish  
11 certain key committees each year, and allow the Board to establish other committees as  
12 needed.

### **FINANCIAL IMPACT**

13 This enactment could have a financial impact on RI which cannot be determined at this  
14 time. An increase or decrease in expenses is contingent upon the number of members in  
15 each committee and the number of in-person meetings each committee has per year.

- 1 committee, one other member may be a person who previously served on a

- 3 (d) districting - with three members, one appointed each year from the board  
4 for a three-year term;
- 5 (e) election review - with six members, two appointed each year for three-year

- 7 (f) finance - with eight members, six serving three-year terms with two  
8 members appointed each year, plus the RI treasurer and one board member  
9 appointed by the board, both serving one-year terms as non-voting  
10 members; and
- 11 (g) Rotaract - with three members, one appointed each year for a three-year  
12 term, plus three Rotaractors, with the committee co-chaired by one  
13 member and one Rotaractor; and
- 14 (h) youth exchange - with six members, two appointed each year for three-year  
15 terms by the president.

## **PURPOSE AND EFFECT**

16 The Rotary Youth Exchange Committee was an ad hoc committee established by  
17 the RI Board in 2005. The Board recently voted to discontinue the committee.  
18 This proposal would reestablish the committee as a standing committee in the RI  
19 Bylaws.

20  
21 The committee will continue the work of previous committees by making policy  
22 recommendations and suggestions to improve and expand Rotary Youth  
23 Exchange.

24  
25 This committee has historically served as the voice of the Rotarian volunteers  
26 who administer Rotary Youth Exchange around the world. Reinstatement of the  
27 committee will provide these volunteers with a recognized communication link  
28 with the RI Board and Secretariat.

29  
30 Reestablishment of the committee will allow direct communication between the  
31 RI Board and district Youth Exchange officers and prevent miscommunication  
32 that can occur inadvertently when all communication is channeled through RI  
33 staff.

34  
35 Reestablishment of the committee will add continuity and stability because Youth  
36 Exchange officers tend to serve in the Youth Exchange program for many years in  
37 various positions, while RI staff have historically experienced a high rate of  
38 change because of the opportunity RI gives them to advance within the  
39 organization.

1 The Board and RI staff will be able to call on a highly experienced and competent  
2 committee when input is needed on Rotary Youth Exchange issues.

### **FINANCIAL IMPACT**

3 This enactment would result in an increase in expenses for RI. Committee costs  
4 are primarily driven by meeting expenses and staff support. Actual meeting  
5 expenses for a six-member committee would be nominal for a virtual meeting, or  
6 approximately US\$20,000 for an in-person meeting, mainly for airfare, hotel,  
7 and meals. Related indirect cost for additional time provided by existing staff to  
8 support the committee is estimated at US\$30,000.

## 3 **Article 17 Committees**

4

### 5 **17.010. Standing Committees.**

6 The board shall establish standing committees on:

- 7 (a) communications - with six members, two appointed each year for three-
- 8 year terms;
- 9 (b) constitution and bylaws - with three members, one appointed each year for
- 10 a three-year term, except that in the year of the council on legislation there
- 11 shall be four members, with the most recent past member serving a fourth
- 12 year;
- 13 (c) conventions - with six members, including the chair of the host
- 14 organization for the convention. The president may appoint as chair a
- 15 Rotarian who previously served for two years as a member of a conventions
- 16 committee but not as chair. In addition to the chair of a convention
- 17 committee, one other member may be a person who previously served on a
- 18 convention committee;
- 19 (d) districting - with three members, one appointed each year from the board

- 21 (e) election review - with six members, two appointed each year for three-year
- 22 terms;
- 23 (f) finance - with eight members, six serving three-year terms with two
- 24 members appointed each year, plus the RI treasurer and one board member
- 25 appointed by the board, both serving one-year terms as non-voting
- 26 members; ~~and~~
- 27 (g) Rotaract - with three members, one appointed each year for a three-year
- 28 term, plus three Rotaractors, with the committee co-chaired by one
- 29 member and one Rotaractor-; and
- 30 (h) Interact - with six members, two appointed each year for a three-year term.

## **PURPOSE AND EFFECT**

31 This enactment would amend the RI Bylaws to provide for a new RI standing

32 committee for Interact.

1 The 2010 Council on Legislation adopted Enactment 10-176 by a vote of 343 to  
2 162. This enactment created an RI standing committee for Interact by  
3 incorporating Interact into the existing Rotaract standing committee.

4  
5 The 2019 Council on Legislation subsequently adopted Enactment 19-75 by a  
6 majority vote of 452 to 40. This enactment, originally developed to amend the  
7 committee's terms of reference, removed Interact from the responsibilities of the  
8 committee in order to emphasize Rotaract as a membership experience distinct  
9 from Interact, a youth program conducted by clubs. The enactment included  
10 language allowing for the RI president to appoint an Interact committee as  
11 appropriate, as well as stating that clubs, districts, and certain senior leaders may  
12 bring any items concerning Interact to the Board by petition or through the  
13 Council on Resolutions. Splitting the committee was operationally necessary, as  
14 the Rotaract and Interact programs have inherently different needs, strategies,  
15 and issues.

16  
17 From 2010 until 2019, the Interact program was represented through the  
18 standing Rotaract Interact Committee. While each RI president is allowed to  
19 appoint an ad hoc Interact committee, without a standing committee referenced  
20 in the RI Bylaws, it is unlikely to exist. According to the 2020-21 RI Official  
21 Directory, there are currently no committees focusing on youth under 18 years  
22 old.

23  
24 Rotary's website states, "Rotary believes in developing the next generation of  
25 leaders. Our programs help younger leaders build leadership skills, expand  
26 education and learn the value of service."

27  
28 The creation of a standing Interact committee would further reinforce Rotary's  
29 commitment to youth.

## **FINANCIAL IMPACT**

30 This enactment would result in an increase in expenses for RI. Committee costs  
31 are primarily driven by meeting expenses and staff support. Actual meeting  
32 expenses for a six-member committee would be nominal for a virtual meeting, or  
33 approximately US\$20,000 for an in-person meeting, mainly for airfare, hotel,  
34 and meals. Related indirect cost for additional time provided by existing staff to  
35 support the committee is estimated at US\$30,000.

# PROPOSED ENACTMENT 22-42

To limit the number of in-person meetings of the RI Board

**Proposer(s):** District 4590, Brazil

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 5 Board of Directors**

4

5 **5.060. Board Meetings.**

6

7 **5.060.1. Frequency, Notice, and Manner.**

8 The board shall meet at the time, place, and manner as it may determine or upon  
9 the call of the president, provided that it meets at least twice each year. At least  
10 30 days in advance, the general secretary gives all directors notice of a meeting  
11 unless it is waived. Official meetings, and any director’s participation, may be in  
12 person, by teleconferencing, internet, and other communications equipment. The  
13 board shall meet in person up to three times per year, and an additional in-  
14 person meeting may take place in the year of the council on legislation. The board  
15 may transact business without meeting by unanimous written consent. The  
16 president-nominee shall be a non-voting participant at board meetings.

## PURPOSE AND EFFECT

17 RI is a century-old institution that has sustained itself only through constant  
18 updates and adaption to changing times. Let us remember the words of Paul  
19 Harris: “This is a changing world; we must be prepared to change with it. The  
20 story of Rotary will have to be written again and again.”

21

22 The development of new internet technologies, such as fiber optic networks and  
23 5G, along with the widespread adoption of more effective communication and  
24 meeting software, have substantially reduced the need for in-person meetings,  
25 which has been confirmed during the COVID-19 pandemic.

26

27 Rotary is also facing the challenge of competition from new social media channels  
28 focused on networking and philanthropy, many of which offer their services to  
29 users at no charge. The availability of such alternatives tends to reduce Rotary’s  
30 appeal to younger people and retirees, who are especially put off by its  
31 membership costs.

32

33 The frequent in-person meetings of the RI Board have an impact on the

1 organization that extends beyond their financial cost; they also necessitate the  
2 use of air travel and other types of transportation with a heavy carbon footprint,  
3 and take time away from members that might otherwise be dedicated to their  
4 professional and family activities.

5  
6 In conclusion, the purpose of this proposal is to reduce RI's overall costs and  
7 environmental impact, as well as optimize the valuable time of its senior leaders.

### **FINANCIAL IMPACT**

8 This enactment could result in a decrease in expenses for RI if the Board  
9 eliminates an in-person meeting in Evanston. Based on the budget for fiscal year  
10 2022, the average cost of a Board meeting in Evanston is approximately  
11 US\$122,000.

12  
13 If the Board were to eliminate its meeting at either the International Convention  
14 or the International Assembly, RI would still fund the Board's cost of travel to  
15 those meetings.

# PROPOSED ENACTMENT 22-43

To remove provisions regarding the Council of Past Presidents from the RI Bylaws

**Proposer(s):** District 7360, USA

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 20 Other Meetings**

4

5 ~~**20.030. Council of Past Presidents.**~~

6

7 ~~**20.030.1. Composition.**~~

8 ~~There shall be a standing council composed of past presidents who are members.~~

9 ~~The president is a non-voting ex officio member of the council, with the privilege~~  
10 ~~of attending meetings and participating in deliberations. The penultimate past~~  
11 ~~president serves as chair, the immediate past president as vice chair, and the~~  
12 ~~general secretary as secretary but shall not be a member of the council.~~

13

14 ~~**20.030.2. Duties.**~~

15 ~~The council of past presidents shall consider matters referred by the president or~~  
16 ~~board and may give advice and recommendations to the board on them. The~~  
17 ~~council shall also, at the request of the board, act as mediators in matters~~  
18 ~~involving clubs, districts, and officers.~~

19

20 ~~**20.030.3. Meetings.**~~

21 ~~The president or the board may call a meeting of the council of past presidents,~~  
22 ~~which may also meet at the annual convention and/or international assembly.~~  
23 ~~The chair of the council shall make a written report to the board after each~~  
24 ~~meeting.~~

(Subsequent sections will be renumbered as appropriate)

(End of Text)

## **PURPOSE AND EFFECT**

25 Past RI presidents possess no authority. The meeting of the past presidents  
26 amounts to a member-paid reunion twice each year at the International Assembly  
27 and the International Convention. While it is important that the service of past  
28 presidents be recognized, and that all past presidents (like all Rotarians) be  
29 encouraged to attend RI functions, the fact is that the cost should not be borne by  
30 Rotarians.

## **FINANCIAL IMPACT**

- 1 This enactment would have no substantial financial impact on RI. Past presidents
- 2 would still be funded to attend the RI Convention, since they are introduced
- 3 during one of the plenary sessions, as provided in the Rotary Code of Policies.
- 4 However, past presidents are no longer funded to attend the International
- 5 Assembly.

# PROPOSED ENACTMENT 22-44

To establish a two-term limit for the general secretary

**Proposer(s):** Rotary Club of Yokohama East, District 2590, Japan  
Rotary Club of Maebashi, District 2840, Japan  
District 3490, Taiwan

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 6 Officers**

4

### 5 **6.040. Election and Term of General Secretary.**

6 The board elects a Rotarian as general secretary for a term of not more than five  
7 years. The election takes place by 31 March in the final year of the term or if a  
8 vacancy occurs. The new term begins 1 July, unless the board sets a different date  
9 following the election. The general secretary may be re-elected only once.

(End of Text)

## **PURPOSE AND EFFECT**

10 RI Bylaws section 6.040. (Election and Term of General Secretary) provides that  
11 the general secretary may serve for a term of not more than five years and may be  
12 re-elected. Currently, it is possible for the general secretary to serve over a long  
13 period of time through repeated re-election.

14

15 Compared with the terms of other RI officers, such as those of the RI president  
16 (one year), directors (two years) and Trustees (four years), that of the general  
17 secretary may be extended for a longer period of time through re-election. The  
18 intent behind the short terms for RI officers is to facilitate decision-making that  
19 is flexible and adaptable to the rapid changes of modern society, as well as to  
20 maintain the sound administration of our organization through continuity of  
21 leadership. They are also intended for offering opportunities to enthusiastic and  
22 capable individuals in order to enhance the vitality and the development of the  
23 organization. For these reasons, the term of the general secretary should be  
24 reassessed.

25

26 This enactment seeks to amend the RI Bylaws to provide that the general  
27 secretary may be re-elected only once and for a total of no more than ten years.

28

29 Rotary clubs are highly regarded throughout the world for the service activities  
30 they carry out. The RI Secretariat, which supports these service activities,

1 requires sound and capable administration.

2

3 The current provision, in which a single general secretary maintains his or her  
4 position over an extended term of many years, is not suited to Rotary's ideal of  
5 equity, fairness, and the development of the next generation of leaders.

### **FINANCIAL IMPACT**

6 This enactment could have a financial impact on RI which cannot be determined  
7 at this time. Cost would be dependent on the scope and extent of support  
8 provided to the RI Board to accomplish this goal. If an additional search process  
9 is needed to retain a new general secretary, the cost of retaining an executive  
10 search firm would be in the range of US\$100,000 to US\$150,000 at current  
11 market rates.

# PROPOSED ENACTMENT 22-45

To establish a four-year term for the general secretary with a two-term limit

**Proposer(s):** Rotary Club of Wakayama South, District 2640, Japan  
Rotary Club of Tsuruga, District 2650, Japan

## 3 **Article 6 Officers**

4

5 **6.040.** *Election and Term of General Secretary.*

6 The board elects a Rotarian as general secretary for a term of ~~not more than five~~  
7 four years. The election takes place by 31 March in the final year of the term or if  
8 a vacancy occurs. The new term begins 1 July, unless the board sets a different  
9 date following the election. The general secretary may be re-elected. The general  
10 secretary may serve no more than two terms or eight years in total.

(End of Text)

## **PURPOSE AND EFFECT**

11 All offices in Rotary rotate on a regular basis. The RI president serves for one  
12 year, the directors two years, and the Trustees four years. The general secretary is  
13 authorized to make decisions on behalf of the Board when necessary. As the chief  
14 executive officer (CEO) of Rotary, it is not desirable for the general secretary to  
15 remain in office indefinitely. A specific term limit should be set.

## **FINANCIAL IMPACT**

16 This enactment could have a financial impact on RI which cannot be determined  
17 at this time. Cost would be dependent on the scope and extent of support  
18 provided to the RI Board to accomplish this goal. If an additional search process  
19 is needed to retain a new general secretary, the cost of retaining an executive  
20 search firm would be in the range of US\$100,000 to US\$150,000 at current  
21 market rates.

# PROPOSED ENACTMENT 22-46

To increase per capita dues

**Proposer(s):** Board of Directors of RI

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 18 Fiscal Matters**

4

### 5 **18.030. Dues.**

6

#### 7 **18.030.1. Per Capita Dues.**

8 Each club pays per capita dues to RI for each member as follows: ~~US\$34.00 per~~  
9 ~~half year in 2019–20, US\$34.50 per half year in 2020–21, US\$35.00 per half~~  
10 ~~year in 2021–22, and US\$35.50 per half year in 2022 – 23, US\$36.50 per half~~  
11 ~~year in 2023 - 24, US\$37.50 per half year in 2024 - 25, and US\$38.50 per half~~  
12 ~~year in 2025 - 26, and thereafter. The dues shall remain constant until changed~~  
13 ~~by the council on legislation.~~

(End of Text)

## **PURPOSE AND EFFECT**

14 Revenue sources for RI include membership dues and investment earnings. In  
15 addition, there are other sources of revenue that are used to support specific self-  
16 funding activities, such as the Rotary magazine, the International Convention  
17 and others. Membership dues make up approximately 95 percent of the budgeted  
18 RI core revenues (excluding revenues from self-funding activities). Investment  
19 earnings account for approximately 2.5 percent of budgeted core revenues but are  
20 unpredictable in nature and are dependent on financial market fluctuations.

21

22 When deciding on the per capita dues recommendation, the RI Board, with the  
23 support of the Finance Committee, carefully analyses the five-year financial  
24 forecast. The forecast takes several key factors into consideration, including  
25 membership numbers, investment earnings, inflation, and capital spending on  
26 projects, among others. They continue to review its recommendation based on  
27 the forecast and these factors up until the Council on Legislation is held to ensure  
28 that RI is able to maintain its required balanced annual budget per the RI Bylaws.  
29 This enactment may be amended based on the RI Board's continued review.

30

31 Therefore, this enactment would amend the RI Bylaws to provide for a dues  
32 increase of US\$2.00 per year beginning in 2023-2024 and continuing through  
33 2025-2026. This enactment aligns per capita dues revenues at levels necessary to

1 sustain RI's current operations and programs, and to support RI's financial  
2 sustainability for the future.

### **FINANCIAL IMPACT**

3 This enactment would result in an increase in per capita dues revenue for RI.

4

5 An increase of US\$2.00 per year for three consecutive years would be equivalent  
6 to an average annual increase in dues revenue of approximately 2.73 percent.

7

8 At current membership levels, RI revenues from per capita dues would increase  
9 by approximately US\$2.4 million for each year beginning in 2023-2024 and  
10 continue through 2025-2026.

11

12 The RI Bylaws require a balanced annual budget.

# PROPOSED ENACTMENT 22-47

To amend per capita dues for members under the age of 40

**Proposer(s):** Rotary Club of Kanoya West, District 2730, Japan

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 18 Fiscal Matters**

4

### 5 **18.030. Dues.**

6

#### 7 **18.030.1. Per Capita Dues.**

8 Each club pays per capita dues to RI for each member as follows: US\$34.00 per  
9 half year in 2019 - 20, US\$34.50 per half year in 2020 - 21, US\$35.00 per half  
10 year in 2021 - 22, and US\$35.50 per half year in 2022 - 23, and thereafter. The  
11 dues shall remain constant until changed by the council on legislation. However,  
12 per capita dues for members under the age of 40 shall equal the per capita dues  
13 for Rotaractors.

(End of Text)

## **PURPOSE AND EFFECT**

14 This enactment is intended to encourage the recruitment of younger members,  
15 especially now that Rotaract clubs have been admitted as members of Rotary.  
16 Reducing per capita dues for people under the age of 40 would make it easier for  
17 them to join a club.

18

19 We believe it is vitally important to strengthen and develop our younger  
20 membership as a means of revitalizing clubs and ensuring their continued  
21 development and sustainability.

## **FINANCIAL IMPACT**

22 This enactment would result in a substantial decrease in revenues and an  
23 increase in expenses for RI. The amount would be contingent upon the number of  
24 Rotarians under 40 years old who would pay reduced RI per capita dues.

25

- 26 • Per RI's membership database, which currently has age data for  
27 approximately 70 percent of members, as of July 2020 there were  
28 approximately 72,500 members under the age of 40.

- 1 • If 72,500 members were to pay Rotaract dues instead of RI dues, there would  
2 be a reduction in RI per capita dues of approximately US\$4.5 million (based  
3 on per capita dues of US\$70 for Rotarians versus US\$8.00 for Rotaractors).

4  
5 Additionally, there would be an increase in technology expenses to enhance  
6 database and billing systems and administrative expenses to maintain age  
7 information.

8  
9 The RI Bylaws require a balanced budget. A significant decrease in RI per capita  
10 dues would have an impact on operations and services provided by RI that cannot  
11 be determined at this time.

(End of Text)

## PURPOSE AND EFFECT

14 RI's ever-increasing semiannual and annual per capita dues increases are a  
15 source of dissatisfaction to Rotarians and contribute significantly to the high rate  
16 of member turnover, or 'revolving door' effect, in clubs throughout the world.

17

18 During the protracted COVID-19 pandemic, Rotary has undoubtedly realized a  
19 considerable cost saving with regard to in-person meetings, travel,  
20 accommodations, meals, etc., and it would seem, therefore, that such half-yearly  
21 increases in per capita dues are unnecessary.

22

23 This being the case, we are proposing a three-year freeze on the increase of  
24 semiannual per capita dues, beginning in 2022-23.

## FINANCIAL IMPACT

25 This enactment would have a substantial financial impact on RI which cannot be  
26 determined at this time. The RI Bylaws require a balanced budget; therefore, not  
27 increasing RI per capita dues would have an impact on RI's operations and  
28 services.

1 The Board evaluates whether to propose a per capita dues increase to the Council  
2 on Legislation based on RI's five-year financial forecast as well as the RI Strategic  
3 Plan and vision. The current five-year financial forecast shows membership to be  
4 flat and inflation is forecast at three percent through fiscal year 2026.

19 18.030.3. Minimum Amount of Per Capita Dues

21 of an amount equal to the amount it would have paid if it had ten members.

(Subsequent subsections will be renumbered as appropriate)

(End of Text)

## PURPOSE AND EFFECT

22 While smaller clubs are able do good service, it is generally important for the  
23 vitality of a club to maintain membership levels at 10 or above. This proposal  
24 would require that clubs and Rotaract clubs pay dues for a minimum of 10  
25 members, thus ensuring that RI can maintain these services and remain  
26 financially viable. The proposed change will also help to stimulate membership  
27 growth.

## **FINANCIAL IMPACT**

1 This enactment could result in an increase in per capita dues revenue for RI.  
2 Based on March 2021 data regarding club membership, there are approximately  
3 2,300 clubs with fewer than 10 members. This proposed enactment would impact  
4 clubs with nine members or fewer. If these clubs were charged for 10 members at  
5 US\$35 per member semiannually, this would provide an annual increase of  
6 approximately US\$494,000 in dues revenue for RI. However, it is possible that  
7 clubs with nine or fewer members may merge with other clubs in their vicinity, or  
8 dissolve entirely, instead of paying dues for 10 members.  
9  
10 In addition, there would be technology expenses to enhance database and billing  
11 systems.

# PROPOSED ENACTMENT 22-50

To amend the club report and dues payment dates

**Proposer(s):** Rotary Club of Bombay Airport, District 3141, India

1 To amend the **BYLAWS** of Rotary International as follows

2

## 3 **Article 18 Fiscal Matters**

4

### 5 **18.020. Club Reports.**

6 A club or Rotaract club shall report within 10 days of the report date to RI the  
7 number of its members ~~on~~ as of 1 July and ~~on~~ as of 1 January each year or on  
8 other dates set by the board.

9

### 10 **18.040. Date of Payment.**

11

#### 12 18.040.1. *Payment Due Dates.*

13 Per capita dues are payable pursuant to subsections 18.030.1. and 18.030.2. on ~~1~~  
14 July 10 July and ~~1 January~~ 10 January of each year or other dates set by the  
15 board. Additional dues are payable pursuant to subsection 18.030.3. on ~~1 July~~ 10  
16 July or other dates set by the board.

17

#### 18 18.040.2. *Prorated Dues.*

19 Between payment due dates, a club or Rotaract club shall pay prorated per capita  
20 dues for new members, equal to one-twelfth of the annual per capita dues for each  
21 full month of membership. However, a club or Rotaract club is not required to pay  
22 prorated per capita dues for a transferring or former member of another club or  
23 Rotaract club. Prorated per capita dues are payable on ~~1 July~~ 10 July and ~~1~~  
24 January 10 January or on other dates set by the board.

(End of Text)

## **PURPOSE AND EFFECT**

25 This enactment will help provide a realistic figure of club membership at the  
26 beginning of each half-year. The new team of president and secretary takes over  
27 on 1 July. This amendment will give at least 10 days to the incoming president  
28 and secretary to take charge of the club's administration, particularly as it relates  
29 to the evaluation of membership status.

30

31 Currently, a member who has paid dues for the semiannual period from January  
32 to June technically maintains his or her membership status through midnight on  
33 30 June; hence, the incoming president and secretary do not have sufficient time

1 at their disposal to remove members who are likely to discontinue their  
2 membership. It is also difficult to approach every member individually before the  
3 year ends in order to determine whether he/she will be continuing on with  
4 his/her membership. Nor can the president or secretary be expected to have  
5 removed such members from the club attendance lists prior to 1 July. The new  
6 team must be allowed a reasonable period of time in which to assess who will be  
7 continuing on with their membership in the club. Club dues are currently  
8 assessed based on membership data as of 1 July, meaning that clubs are often  
9 charged by RI for these 'soon-to-be-discontinued' members in their semiannual  
10 payment. Hence, a window of 10 days is necessary for the new team in office to  
11 decide realistically which members will be continuing on with their membership.  
12 RI need only modify its dues rates to adjust for the ten additional days allowed  
13 between 1 and 10 July, as well as for the same period added between 1 and 10  
14 January.

### **FINANCIAL IMPACT**

15 This enactment would have a financial impact on RI which cannot be determined  
16 at this time. Cost would be dependent on the scope and extent of support  
17 provided by the RI Board to accomplish this goal. Modification of the current  
18 club report and payment dates would have a significant impact on membership  
19 reporting, thus delaying the creation and delivery of club invoices.

10

### 11 **18.030. Dues.**

12

#### 13 18.030.1. *Per Capita Dues.*

14 Each club and Rotaract club pays per capita dues to RI for each member and  
15 Rotaractor as follows: ~~US\$34.00 per half year in 2019–20, US\$34.50 per half~~  
16 ~~year in 2020–21, US\$35.00 per half year in 2021–22, and US\$35.50 per half~~  
17 ~~year in 2022 - 23, US\$5.92 per month in 2023-24, and thereafter.~~ The dues shall  
18 remain constant until changed by the council on legislation.

19

#### 20 ~~18.030.2. *Per Capita Dues for Rotaract Clubs*~~

21 ~~Each Rotaract club pays per capita dues to RI for each Rotaractor as determined~~  
22 ~~by the board.~~

23

### 24 **18.040. Date of Payment.**

25

#### 26 18.040.1. *Payment Due Dates.*

27 Per capita dues are payable pursuant to subsections 18.030.1. and 18.030.2. on ~~±~~  
28 ~~July and 1 January~~ the first day of each year month or other dates set by the  
29 board. Additional dues are payable pursuant to subsection 18.030.3. on 1 July or  
30 other dates set by the board.

31

#### 32 18.040.2. *Prorated Dues.*

33 Between payment due dates, a club or Rotaract club shall pay prorated per capita  
34 dues for new members, equal to ~~one-twelfth of the annual per capita dues for each~~  
35 ~~full month~~ the number of days of membership in the month preceding the  
36 payment. However, a club or Rotaract club is not required to pay prorated per  
37 capita dues for a transferring or former member of another club or Rotaract club.  
38 Prorated per capita dues are payable on ~~± July and 1 January~~ the first day of each  
39 month or on other dates set by the board.

(End of Text)

## **PURPOSE AND EFFECT**

1 This enactment aims to balance per capita dues for clubs based upon monthly  
2 fluctuations in the valuation of the US dollar.

3  
4 This change will make it easier for newly-formed clubs in countries with unstable  
5 currencies and with lower revenue be able to fulfill their obligations regarding  
6 payment of RI per capita dues.

7  
8 As a result of exchange rates relative to the US dollar, the monthly membership  
9 fees charged by clubs are often insufficient to cover their financial obligations to  
10 the district and to RI.

## **FINANCIAL IMPACT**

11 This enactment would have a substantial financial impact on RI which cannot be  
12 determined at this time. The RI Bylaws require a balanced budget, therefore not  
13 increasing RI per capita dues could have an impact on RI's operations and  
14 services.

15  
16 The Board evaluates whether to propose a per capita dues increase to the Council  
17 on Legislation based on RI's five-year financial forecast as well as the Strategic  
18 Plan and vision statement. The current five-year financial forecast shows  
19 membership to be flat and inflation is forecast at 3 percent through fiscal year  
20 2026.

21  
22 Applying a Rotaractor per capita dues rate that matches the Rotarian per capita  
23 dues rate would also have a significant impact on the retention rate for  
24 Rotaractors. If this item does not pass, annual Rotaractor dues will be US\$5.00  
25 per member for university-based clubs and US\$8.00 per member for  
26 community-based clubs starting 1 July 2022.

27  
28 In addition, a preliminary analysis indicates that there would be an increase in  
29 expenses for RI to implement and maintain operations and systems to support  
30 monthly club invoicing.

31  
32 Cashflow, billing, collections, data management, membership reporting, web  
33 content, communications, and member services, as well as costs related to  
34 technology, banking, credit card processing, printing and mailing would be  
35 impacted. Billing and collecting based on average US dollar value over a six-  
36 month period would add additional complexity and related cost. Furthermore, RI  
37 policy updates to amend current club membership reporting, payment and  
38 termination requirements would be necessary.

39  
40 Dues payments would also become more expensive for the clubs that make their  
41 payments to a Rotary office outside their home countries. Sending electronic

- 1 funds transfers can cost between US\$20 and US\$50. Increasing the frequency of
- 2 dues payments from twice a year to twelve times per year would significantly
- 3 increase clubs' administrative costs.

**Proposer(s):** Board of Directors of RI

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 17 Committees**

4

### 5 **17.060. Audit Committee.**

6 The board ~~and the TRF trustees~~ shall appoint an audit committee with seven  
7 members, ~~each of whom who~~ shall be independent and financially literate. The

13 the external audit, the system of internal control, internal audit, and related

15 not in conflict with this section, prescribed by the board and trustees. The  
16 committee shall meet up to three times per year. The president, the board, the  
17 TRF chair, the TRF trustees, or the committee chair shall determine the time,  
18 place, manner, and notice of regular meetings. For additional meetings, the  
19 president or committee chair may determine the time, place, manner, and notice.

36 revised, in accordance with subsection 18.050.2. The report shall contain full  
37 details of any expenditure varying from the approved budget by over 10 percent  
38 in each category. The report shall be distributed to each current and past RI

1 ~~officer and available to any club or Rotaract club upon request. The general~~  
2 ~~secretary shall send the report for the year before a council on legislation to all~~  
3 ~~council members at least 30 days before the council convenes.~~

4  
5 **Article 22 The Rotary Foundation**

6  
7 **22.040. Report of Trustees.**

8 The trustees shall report to RI at least annually on TRF's programs and finances.  
9 The ~~annual report~~ general secretary shall also report, by individual office, ~~clearly~~  
10 ~~show~~ all expenses reimbursed to, and all payments made on behalf of, each  
11 trustee.

(End of Text)

**PURPOSE AND EFFECT**

12 The purpose of this proposed legislation is to maintain the authority,  
13 composition, and independence of the Audit Committee within the RI Bylaws.  
14 This proposal would amend language relating to the Audit Committee and would  
15 conform the 'audited annual report' with current practices regarding items  
16 reported in audited financial statements in accordance with generally accepted  
17 accounting principles as compared to the items reported in the overall  
18 organization's 'annual report'.

**FINANCIAL IMPACT**

19 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-53

To amend where the Board must report expenditures from the RI reserve

**Proposer(s):** District 2250, Norway  
District 2260, Norway  
District 2275, Norway  
District 2290, Norway  
District 2305, Norway and Sweden  
District 2310, Norway

1 *To amend the **CONSTITUTION** of Rotary International as follows*

2

3 **Article 6 Board of Directors**

4

5 **Section 2 — Powers.** The affairs and funds of RI shall be under the direction  
6 and control of the board in conformity with this constitution and the bylaws and  
7 the Illinois General Not-for-Profit Corporation Act of 1986, and any  
8 amendments thereto. In exercising such direction and control over the funds of  
9 RI, the board may, as fixed by the budget or budgets provided for in the bylaws,  
10 expend in any fiscal year the current income and such amount from the RI  
11 reserve as may be necessary to accomplish the purposes of RI. The board shall  
12 report to the next convention and council on legislation as to the special  
13 conditions under which expenditures have been made from the reserve. The  
14 board shall at no time incur an indebtedness in excess of the then net assets of  
15 RI.

(End of Text)

## PURPOSE AND EFFECT

16 Enactment 19-79, proposed by the RI Board and adopted by the 2019 Council on  
17 Legislation, reduced using the Convention for any deliberations and voting. As a  
18 consequence of the decision at the Council on Legislation, the Convention should  
19 not be used as the sole forum for reports and vital information in general and, in  
20 particular, not for any fiscal matters.

21

22 Rotarians currently have no general forum in which to exchange their views  
23 regarding the organization's development, whether these are in regard to  
24 decisions of the RI Board or issues specific to Rotary's finances. Thus, it is  
25 proposed that such reports be delivered to the Convention, as well as the Council  
26 on Legislation for deliberations and comments.

- 1 If this enactment is approved, it will provide RI with a forum for direct feedback
- 2 to the Board from all over the world, as well as increase the overall interest and
- 3 knowledge about Board activities among clubs and districts.

#### **FINANCIAL IMPACT**

- 4 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-54

To publish the RI budget and annual report on the Rotary website

**Proposer(s):** District 3640, Korea

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 18 Fiscal Matters**

4

5 **18.050. Budget.**

6

7 18.050.5. *Annual Publication of the RI Budget.*

8 By 30 September each year, the RI budget shall be published as decided by the  
9 board on RI's website and brought to the attention of all clubs and Rotaract clubs.

10

11 **18.080. Report.**

12 The general secretary shall publish the audited annual report no later than 31  
13 December after the fiscal year end. The report shall, by individual office, clearly  
14 show all expenses reimbursed to, and all payments made on behalf of, the  
15 president, office of the president, president-elect, president-nominee, and each  
16 director. The report shall contain the expenditures of the board, the annual  
17 convention, and each major division of the administration and the operations of  
18 the secretariat, and be accompanied by a statement comparing each of these  
19 items with the budget adopted in accordance with subsection 18.050.1., or, if  
20 revised, in accordance with subsection 18.050.2. The report shall contain full  
21 details of any expenditure varying from the approved budget by over 10 percent  
22 in each category. The report shall be distributed to each current and past RI  
23 officer and available to any club or Rotaract club ~~upon request~~ on RI's website.  
24 The general secretary shall send the report for the year before a council on  
25 legislation to all council members at least 30 days before the council convenes.

(End of Text)

## PURPOSE AND EFFECT

26 RI's budget is funded through the payment of mandatory dues by the member  
27 clubs of Rotary International. Clubs that have paid their dues naturally wonder  
28 how they are put to use. That is why the RI Bylaws provide for the annual  
29 publication of the RI budget by 30 September, so as to bring it to the attention of  
30 all clubs. However, it is unclear how the RI budget is published, nor have we seen  
31 the published budget until now. Therefore, it would seem necessary to clearly  
32 state how the budget will be published and to include that specification in the RI  
33 Bylaws. The same goes for the report. It is stated in RI Bylaws section 18.080.

1 that the report shall be distributed to all current and past officers of RI, as well as  
2 to any club or Rotaract club upon request. However, we believe the report should  
3 not be an option that dues-paying clubs choose to view, but rather it makes more  
4 sense to publish it on the Rotary website so that all clubs can see it. This way,  
5 clubs will be able to learn how their dues are being put to use. Also, clubs and  
6 Rotarians, upon reading through the report and noting the many justifiable and  
7 valid expenditures, will take greater pride in Rotary, which will help retain  
8 membership.

### **FINANCIAL IMPACT**

9 This enactment would have no substantial financial impact on RI. Currently, both  
10 the RI budget and annual report are published on rotary.org.

# PROPOSED ENACTMENT 22-55

To amend what is provided in the audited annual report

**Proposer(s):** District 4590, Brazil

1 *To amend the **BYLAWS** of Rotary International as follows*

3 **Article 18 Fiscal Matters**

4

5 **18.080. Report.**

6 The general secretary shall publish the audited annual report no later than 31

16 ~~in each category~~ any significant expenditures and shall be published on RI's  
17 website. The report shall also be distributed to each current and past RI officer  
18 and available to any club or Rotaract club upon request. The general secretary  
19 shall send the report for the year before a council on legislation to all council  
20 members at least 30 days before the council convenes.

(End of Text)

## PURPOSE AND EFFECT

21 RI and TRF publish various financial reports and tax documents on rotary.org. In  
22 addition to the standard large reports – those of auditing firms, income tax  
23 statements – there are also reports with little financial data, such as those on the  
24 promotion of Rotary activities.

25

26 It is important to note that Rotary is sustained by per capita dues, donations, and  
27 other financial contributions from Rotarians, as well as through the investment  
28 income generated from these sources. In short, Rotary is an association of clubs  
29 that are made up of people. Rotary belongs to its members from all over the  
30 world, to every Rotarian, and it is to every Rotarian that its leaders and staff must  
31 be accountable.

32

33 The purpose of this proposal is to provide transparency in Rotary's published

1 accounting statements by including details of the expenses it has incurred. It  
2 would be ideal if ledger books were made available, as well as a very detailed  
3 report that is easier to understand.

4  
5 Achieving these goals reinforces our belief in the transparency and honesty that  
6 characterize Rotary, always keeping in mind The Four-Way Test.

7  
8 Currently, only consolidated figures are provided in the statements, large  
9 numbers without further details on the expenses to which they refer.

10  
11 For example, on page six of RI's 2019-2020 audited financial report, we have  
12 items such as:

- 13  
14           • External services      US\$13,789,000  
15           • Travel                    US\$15,113,000

16  
17 What were these services? Who was paid in relation to the travel? In the income  
18 statement (Internal Revenue Service Form 990-2018), there is a payment to San  
19 Francisco's Point B, Inc. consulting firm in the amount of US\$940,956. What  
20 were the services provided, and what benefits did they generate?

21  
22 In the same document, there are payments to the RI president and president-  
23 elect, which is forbidden. They should be reimbursed, but it is important to  
24 provide the details of these reimbursements as well.

25  
26 With greater clarity in such reports, Rotarians would certainly understand Rotary  
27 better.

## **FINANCIAL IMPACT**

28 This enactment would have a financial impact on RI which cannot be determined  
29 at this time. Cost would be dependent on the scope and extent of support  
30 provided by the RI Board to accomplish this goal. Currently, audited financial  
31 reports, federal tax returns, and senior leader's expenses, as well as additional  
32 financial documents are available on rotary.org.

# PROPOSED ENACTMENT 22-56

To amend how districts may propose legislation and resolutions

**Proposer(s):** Rotary Club of Kisarazu East, District 2790, Japan

1 *To amend the **CONSTITUTION** of Rotary International as follows*

2

3

## **Article 16 Amendments**

4

5

**Section 2 — Who May Propose.** Amendments to this constitution may be proposed only by a club, by a district ~~conference~~, by the general council or the conference of RI in Great Britain and Ireland, by the council on legislation, or by the board in accordance with the procedures contained in the bylaws.

6

7

8 *And to amend the **BYLAWS** of Rotary International as follows*

9

10

## **Article 7 Council on Legislation**

11

12

**7.020.** *Who May Propose Legislation.*

Enactments may be proposed by a club, a district ~~conference~~, the general council or conference of RIBI, the council on legislation, or the board. Only the board may propose position statements. The board shall not propose legislation related to TRF without prior agreement by the TRF trustees.

13

14

**7.030.** *District Endorsement of Club and District Legislation.*

~~Club-proposed~~ Club and district-proposed enactments must be endorsed by ~~its~~ the district at a district conference, a district legislation meeting, or an RIBI district council. Where time does not allow proposed enactments to be submitted to the district conference, a district legislation meeting, or RIBI district council, the proposed enactments may be submitted to the clubs of the district by a club ballot conducted by the governor. Any club ballot shall follow the procedure in section 12.050. as closely as possible. An enactment delivered to the general secretary shall be certified by the governor that it has been endorsed. Districts should not propose or endorse more than five enactments per council on legislation.

15

16

## **Article 8 Council on Resolutions**

17

18

**8.030.** *Who May Propose Resolutions.*

Resolutions may be proposed by a club, a district ~~conference~~, the general council or conference of RIBI, and the board.

19

20

**8.040.** *District Endorsement of Club and District Resolutions.*

1 ~~Club-proposed~~ Club and district-proposed resolutions must be endorsed by the  
2 district at a district conference, a district legislation meeting, RIBI district  
3 council, or through a club ballot conducted by the governor, following the  
4 procedures in section 12.050. as closely as possible. A proposed resolution  
5 delivered to the general secretary shall be certified by the governor that it has  
6 been endorsed.

(End of Text)

### **PURPOSE AND EFFECT**

7 The constitutional documents include many rules concerning districts. If a  
8 governor or others involved with a district would like one or more of these rules  
9 amended, an enactment or resolution is required. Under RI's current provisions,  
10 such legislation can be proposed only through a resolution adopted by the district  
11 conference.

12  
13 District conferences are held only once a year, on varying dates. Furthermore,  
14 district conference schedules typically do not allow sufficient time for the  
15 discussion of proposed enactments or resolutions, thus reducing the likelihood  
16 that they will even be put forward as an item of discussion. This enactment seeks  
17 to make it possible for districts to propose enactments and resolutions through  
18 the same endorsement process as that used for club-proposed legislation.

19  
20 Of the enactments considered by the 2019 Council on Legislation, thirty-four  
21 were proposed by districts. Of these thirty-four, only ten were endorsed by a  
22 district conference, with the remainder receiving endorsement either by club  
23 ballot or at a district legislation meeting. This proposed enactment would update  
24 the RI Constitution and the RI Bylaws to reflect this more common practice.

### **FINANCIAL IMPACT**

25 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-57

To provide for the type of urgent enactments that may be considered by the Council on Resolutions

**Proposer(s):** Rotary Club of Maebashi, District 2840, Japan

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 8 Council on Resolutions**

4

5 **8.050.** *Enactments Considered by the Council on Resolutions.*

6 The council on resolutions, as a special meeting of the council on legislation, shall  
7 consider and act on any enactments duly proposed by the board that the board  
8 determines to be of an urgent nature. Such urgent enactments should be limited  
9 in scope to situations that have occurred since the most recent council on  
10 legislation.

(End of Text)

## **PURPOSE AND EFFECT**

11 The purpose of this enactment is to limit the Board from interpreting ‘urgent’ in  
12 an overly broad manner and thereby injuring the ideals, authority, and credibility  
13 of the Council on Legislation, Rotary’s sole legislative body. For this reason, such  
14 urgent enactments should be limited to those that occur between meetings of the  
15 Council on Legislation and require a special decision in order to amend the  
16 constitutional documents.

## **FINANCIAL IMPACT**

# PROPOSED ENACTMENT 22-58

To amend the deadlines relating to enactments

**Proposer(s):** Rotary Club of Monterrico-Surco, District 4455, Peru

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 7 Council on Legislation**

4

5 **7.050. Deadline for Enactments and Position Statements.**

6 The general secretary must receive enactments by ~~31 December in the year before~~

7 30 June of the year prior to the council. The board may propose enactments it

8 determines to be urgent by 31 December before the council convenes. The board

9 may propose position statements any time before the council adjourns.

10

11 **7.070. Review of Legislation.**

12

13 *7.070.3. Amendments to Legislation.*

14 Amendments to legislation must be submitted by the proposers to the general

15 secretary by ~~31 March of the year before~~ 30 September in the year of the council,

16 unless extended by the board (through the constitution and bylaws committee).

17

18 *7.070.5. Publication of Proposed Legislation.*

19 The general secretary will provide a copy of all duly proposed and not defective

20 legislation to each governor and council member by ~~30 September~~ 31 December

21

in the year of the council.

(End of Text)

## **PURPOSE AND EFFECT**

22 The purpose of this enactment is to allow more time for the preparation of club

23 and district legislation by moving the submission deadline closer to the date of

24 the Council on Legislation. This would improve the participation of Council

25 representatives, who are beginning their term, and also generates more attention.

26

27 The current submission deadline for proposed legislation is 31 December of the

28 year preceding the Council on Legislation held in April, or 16 months preceding

29 the meeting. The proposed enactment would reduce this period to 10 months, or

30 30 June of the year immediately preceding the Council.

## **FINANCIAL IMPACT**

1 This enactment would result in an increase in expenses for RI that cannot be  
2 determined at this time.

3  
4 The increase would be due to a shortened timeline for the Constitution and  
5 Bylaws Committee and staff to process legislation. Additional expenses may be  
6 incurred due to the reduced timeframe for the Secretariat and the Constitution  
7 and Bylaws Committee to document, review, and prepare financial impacts, as  
8 well as translate and publish legislation.

9  
10 In addition, the proposed timeline for the Council on Legislation would be  
11 concurrent with the Council on Resolutions, further impacting staff resources.

12  
13 Additional per capita dues for the Council on Legislation are determined by the  
14 Board sufficient to pay for the projected expenses of the next scheduled Council  
15 on Legislation and Council on Resolutions. The additional per capita dues are  
16 US\$1.00 for 2021-22. Future additional per capita dues would be adjusted by an  
17 amount equivalent to changes in expenses.

# PROPOSED ENACTMENT 22-59

To amend the deadline for the RI Board to propose position statements

**Proposer(s):** District 2580, Japan

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 7 Council on Legislation**

4

5 **7.050.** *Deadline for Enactments and Position Statements.*

6 The general secretary must receive enactments by 31 December in the year before

7 the council. The board may propose enactments it determines to be urgent and

8 position statements by 31 December before the council convenes. ~~The board may~~

9 ~~propose position statements any time before the council adjourns.~~

(End of Text)

## **PURPOSE AND EFFECT**

10 The RI Board is currently allowed to submit position statements at any time up  
11 until the Council on Legislation adjourns. Any position statements submitted  
12 immediately prior to the Council's adjournment, no matter how important, are  
13 therefore given only a brief and rushed consideration by the Council, and quickly  
14 proceed to a vote. When this occurs, the Council on Legislation loses credibility.

15 At the 2019 Council, for example, concerns were raised about whether the  
16 representatives had to vote on a proposal without having had sufficient time to  
17 understand it.

18

19 For this reason, we believe the submission of position statements by the Board  
20 should have the deadline of 31 December.

## **FINANCIAL IMPACT**

21 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-60

To amend why resolutions may be defective

**Proposer(s):** Rotary Club of Kobe Seishin, District 2680, Japan  
Rotary Club of Maebashi, District 2840, Japan

1 To amend the **BYLAWS** of Rotary International as follows

2

3 **Article 8 Council on Resolutions**

4

5 **8.070. Duly Proposed Resolutions; Defective Resolutions.**

6

7 8.070.2. *Defective Resolutions.*

8 A resolution is defective if it:

9 (a) would request an action, or express an opinion, in conflict with the letter or  
10 spirit of the constitutional documents; or

11 ~~(b) would request an action that involves administrative or management  
12 matters within the discretion of the board or TRF trustees;~~

13 ~~(c) would request an action which has already been implemented by the board  
14 or TRF trustees; or~~

15 ~~(d)~~ (b) is not within the framework of RI's program.

(End of Text)

## PURPOSE AND EFFECT

16 The 2019 Council on Legislation amended RI Bylaws subsection 8.070.2. through  
17 the addition of points (b) and (c), to provide that resolutions are determined to be  
18 defective if they:

19 (b) would request an action that involves administrative or management  
20 matters within the discretion of the board or TRF trustees; or

21 (c) would request an action which has already been implemented by the  
22 board or TRF trustees

23

24 As a result of this amendment, such resolutions are now deemed defective by the  
25 Constitution and Bylaws Committee and are not transmitted to the Council.

26

27 It should be noted, however, that the range of those matters within the discretion  
28 of the RI Board and TRF Trustees is quite broad, and that any expression of  
29 opinion, or reference to a decision taken by either body, may now be used by the  
30 Constitution and Bylaws Committee to find resolutions defective. The "proposals"  
31 and "opinions" are meant to be expressed as a means of adjusting those actions  
32 previously implemented. Disallowing proposals about these actions goes against

1 the intent of the system.

2

3 There is an alternative way to make proposals about matters even if they are  
4 within the discretion of the RI or TRF board: submitting petitions to the RI  
5 Board. Petitions, however, do not raise issues to the Council on Resolutions and  
6 are not published to the wider Rotary world. Even if they are shared, and many  
7 district representatives consider the issues significant, representatives will not be  
8 able to express their opinions because petitions are not formally considered by  
9 the Council.

10

11 For these reasons, we believe the provisions in sub-subsections 8.070.2.(b) and  
12 (c) are unfairly restrictive of clubs and districts in submitting proposals to the  
13 Council on Resolutions; additionally, there are serious doubts about their  
14 justification. These provisions should be deleted.

### **FINANCIAL IMPACT**

15 This enactment could have a financial impact on RI which cannot be determined  
16 at this time. Cost would be dependent on the additional work resulting from an  
17 increase in items transmitted to the Council on Resolutions.

# PROPOSED ENACTMENT 22-61

To eliminate inconsistencies in the RI Bylaws

**Proposer(s):** Board of Directors of RI

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 11 Nominations and Elections for Directors**

4

5 **11.020. Selection of Director-nominee and Alternate by Nominating Committee**  
6 *Procedure.*

7

8 **11.020.9. Selection of Members by Nominating Committee Procedure.**

9 The member and the alternate member of the nominating committee may be  
10 selected by a nominating committee procedure based on section 12.030.1. where  
11 not in conflict with this section. If a district fails to adopt a method for selecting  
12 members of a nominating committee, the nominating committee shall be  
13 composed of all past governors who are members of a club in that district and are  
14 willing and able to serve. A candidate for member shall not serve on the  
15 committee. ~~The member and the alternate member of the nominating committee~~  
16 ~~shall be selected by 30 June of the year before the scheduled nomination.~~

17

18 **11.020.12. Report of Member to the General Secretary.**

19 The member and the alternate shall be reported by the governor to the general  
20 secretary. Those reported after 1 June shall not serve on the nominating  
21 committee.

22

## 23 **Article 12 Nominations and Elections for Governors**

24

25 **12.030. Nominating Committee Process.**

26

27 **12.030.3. Club Suggestions for Governor.**

28 The governor shall invite clubs to submit their suggestions for nominations for  
29 governor. ~~The deadline for suggestions is~~ invitation is to be made at least two  
30 months before suggestions are due to the nominating committee meeting. The  
31 suggestions shall be submitted by a resolution naming the suggested candidate  
32 adopted at a regular club meeting and certified by the secretary. A club shall only  
33 suggest one of its own members.

34

35 **12.090. Vacancies in the Offices of Governor-nominee and Governor-elect.**

36 If a district fails to select a governor-nominee or if a nominee becomes  
37 disqualified for election or otherwise unable or unwilling to serve and another  
38 nominee is not selected either before the election of officers at the convention or  
39 at least three months before the international assembly, the governor shall

1 reinitiate the selection procedures starting with section 12.020. In either event,  
2 the board shall elect the Rotarian so nominated to serve as governor-elect.  
3 ~~Thereafter, if~~ If either a governor-elect or governor-nominee becomes unable or  
4 unwilling to serve as governor, and the selection process for the successor has  
5 been completed by the district, then the successor shall automatically fill the  
6 vacancy if they are willing to do so, subject to the required election either by the  
7 convention or the board. If the successor has been selected, but is unable or  
8 unwilling to fill the vacancy, the board shall elect a Rotarian qualified under  
9 section 16.010.

(End of Text)

### **PURPOSE AND EFFECT**

10 At the 2019 Council on Legislation, the Council adopted Enactment 19-115, “To  
11 modernize and streamline the Bylaws of Rotary International without making  
12 any substantive changes.” The intent of this item was to remove redundancies,  
13 improve the readability of the RI Bylaws, and streamline the format without  
14 making any substantive changes.

15  
16 However, in the course of making non-substantive changes to the RI Bylaws as  
17 adopted by the 2019 Council on Legislation, it was found that some changes  
18 contradicted each other or created changes that were unintended. For example,  
19 the 30 June deadline added to 11.020.9. directly contradicts the 1 June deadline  
20 in 11.020.12.

21  
22 As such, this enactment is returning certain sections to their previous  
23 requirements.

### **FINANCIAL IMPACT**

24 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-62

To require the publication of why resolutions and urgent enactments proposed to the Council on Resolutions are defective

**Proposer(s):** Rotary Club of Kakogawa-Heisei, District 2680, Japan

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 8 Council on Resolutions**

4

5 **8.090.** *Resolutions and Enactments Not Transmitted to the Council.*

6 If the board determines that resolutions or enactments are not duly proposed, or  
7 are duly proposed but defective, they are not transmitted to the council and the  
8 general secretary shall notify the proposers, publishing the reasons for the  
9 board's determination.

(End of Text)

## **PURPOSE AND EFFECT**

10 Under sections 8.080. and 8.090. of the current RI Bylaws, proposed enactments  
11 or resolutions determined to be defective by the Board or the Constitution and  
12 Bylaws Committee are not transmitted to the Council for consideration. Section  
13 8.090. also provides that only the proposer of such an item is to be notified of the  
14 Board's decision, not other clubs.

15

16 The basis for such decisions is often unclear to clubs and districts, however, as  
17 are the actions taken by the Board and Trustees that might make their proposed  
18 changes redundant.

19

20 This enactment would, when a particular resolution or enactment has been  
21 determined to be defective, hold the general secretary accountable as to how the  
22 proposal has overlapped with or replicated existing functions or policies of the  
23 boards. Disclosing to Rotarians around the world the specific details of actions  
24 already taken by the RI Board and the Rotary Foundation Trustees will help to  
25 ensure a certain degree of transparency.

## **FINANCIAL IMPACT**

26 This enactment would have no substantial financial impact on RI, as proposers  
27 are already provided with the reasons for the Board's determination.

# PROPOSED ENACTMENT 22-63

To allow Rotaract clubs to propose legislation and resolutions, and to permit Rotaractors to serve as voting members of the Council

**Proposer(s):** Board of Directors of RI

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 7 Council on Legislation**

4

### 5 **7.020. Who May Propose Legislation.**

6 Enactments may be proposed by a club, a Rotaract club, a district conference, the  
7 general council or conference of RIBI, the council on legislation, or the board.

8 Only the board may propose position statements. The board shall not propose  
9 legislation related to TRF without prior agreement by the TRF trustees.

10

### 11 **7.030. District Endorsement of Club Legislation.**

12 ~~Club-proposed~~ Club and Rotaract club-proposed enactments must be endorsed  
13 by ~~its~~ the district at a district conference, a district legislation meeting, or an RIBI  
14 district council. Where time does not allow proposed enactments to be submitted  
15 to the district conference, a district legislation meeting, or RIBI district council,  
16 the proposed enactments may be submitted to the clubs of the district by a club  
17 ballot conducted by the governor. Any club ballot shall follow the procedure in  
18 section 12.050. as closely as possible. An enactment delivered to the general  
19 secretary shall be certified by the governor that it has been endorsed. Districts  
20 should not propose or endorse more than five enactments per council on  
21 legislation.

22

### 23 **7.090. Extraordinary Meeting of the Council.**

24

#### 25 **7.090.1. Notice.**

26 An extraordinary meeting of the council on legislation may be called by the board  
27 in accordance with article 10, section 5 of the RI constitution. Notice of an  
28 extraordinary meeting and the legislation it will consider shall be sent to  
29 members and governors no later than 30 days before the meeting is scheduled to  
30 convene. The governors shall notify the clubs and Rotaract clubs in their districts.

31

#### 32 **7.090.3. Procedures.**

33 The procedures for the regular meeting of the council on legislation shall apply at  
34 an extraordinary meeting with the following three exceptions:

35

##### 36 **7.090.3.1. Method of Meeting.**

37 An extraordinary meeting may be convened in person or through electronic  
38 communications.

1 7.090.3.2. *Report of Action.*

2 The report of action provided for in subsection 9.150.1. shall be transmitted to the  
3 clubs and Rotaract clubs within seven days of the adjournment of the  
4 extraordinary meeting.

5  
6 **Article 8 Council on Resolutions**

7  
8 **8.030. *Who May Propose Resolutions.***

9 Resolutions may be proposed by a club, a Rotaract club, a district conference, the  
10 general council or conference of RIBI, and the board.

11  
12 **8.040. *District Endorsement of Club Resolutions.***

13 ~~Club proposed~~ Club and Rotaract club-proposed resolutions must be endorsed by  
14 the district at a district conference, a district legislation meeting, RIBI district  
15 council, or through a club ballot conducted by the governor, following the  
16 procedures in section 12.050. as closely as possible. A proposed resolution  
17 delivered to the general secretary shall be certified by the governor that it has  
18 been endorsed.

19  
20 **Article 9 Composition and Procedures of the Councils**

21  
22 **9.010. *Representatives and Rotaract Members.***

23 Representatives and Rotaract members are the voting members of the council on  
24 legislation and council on resolutions. Each district elects one representative as  
25 provided in sections 9.050., 9.060., and 9.070. Additionally, each zone elects one  
26 Rotaractor to serve as a Rotaract member as provided in section 9.020.1. A non-  
27 districted club shall select a district whose representative shall represent the club.  
28

29 **9.020. *Qualifications of Representatives.***

30 Each representative shall

- 31 (a) be a member of a club in the district represented;  
32 (b) have served a full term as an RI officer at the time of election. However, if  
33 the governor certifies, and the RI president concurs, that no past officer is  
34 available in the district, a Rotarian who served less than a full term as  
35 governor or governor-elect may be elected; and  
36 (c) understand and be qualified, willing, and able to perform the duties and  
37 responsibilities of a representative.  
38

39 **9.020.1. *Qualifications and Selection of Rotaract Members.***

40 The qualifications and selection method of Rotaract members shall be  
41 determined by the board.

42  
43 ~~9.020.1.~~ **9.020.2. *Not Eligible.***

9 and effectively communicate their views to the councils;  
10 (e) act as an objective legislator of RI;  
11 (f) attend the meeting of the council on legislation for its full duration;  
12 (g) participate in the council on resolutions; and  
13 (h) report on council deliberations to the clubs and Rotaract clubs of the  
14 district.

15  
16 **9.040. Terms of Representatives and Rotaract Members.**

17 The term of a representative or Rotaract member begins on 1 July in the year  
18 after the year of selection. Each representative or Rotaract member shall serve a  
19 term of three years or until a successor is selected and certified.

20  
21 **9.080. Report and Publication of Representatives' and Rotaract Members'**  
22 **Names.**

23  
24 **9.080.1. Report by Governor to General Secretary.**

25 The governor shall report the names of the representative and alternate to the  
26 general secretary immediately following their selection. Directors shall report the

34  
35 **9.090. Representative or Alternate Representative, Alternate, or Rotaract**

38 representative. If the alternate is unable to serve or none was selected, the  
39 governor shall select a qualified member of a club in the district as the new  
40 representative. If the Rotaract member is unable to serve, the director shall select  
41 a qualified member of a Rotaract club in the zone as the new Rotaract member.

42  
43 **9.100. Credentials.**

44 The general secretary shall certify the credentials of representatives and Rotaract  
45 members, subject to review by the council on legislation.

1 **9.150. *Post-Council Proceedings.***

2

3 **9.150.1. *Reports.***

4 Within ten days after a council adjourns, the chair shall send a report to the  
5 general secretary about the council's actions. Within two months after a council  
6 adjourns, the general secretary shall send a report to each club and Rotaract club  
7 about all adopted legislation or resolutions. The report shall be accompanied by a  
8 form where a club may record its opposition.

(End of Text)

### **PURPOSE AND EFFECT**

9 The purpose of this enactment is to allow Rotaract clubs to submit legislation to  
10 the Councils in acknowledgement of their status as a unique membership type of  
11 RI. Additionally, 34 Rotaractors will serve as voting Rotaract members to  
12 represent Rotaract membership at the Councils.

### **FINANCIAL IMPACT**

13 This enactment would result in an increase in expenses for RI. The average cost  
14 per person to attend the 2019 Council on Legislation was US\$3,400. The cost for  
15 34 Rotaractors to attend the 2025 Council on Legislation as voting members  
16 would be approximately US\$115,600.

# PROPOSED ENACTMENT 22-64

To amend the provisions for nominating a candidate for Council representative

**Proposer(s):** District 3490, Taiwan

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 9 Composition and Procedures of the Councils**

4

5 **9.060. Election of Representatives at the District Conference.**

6

7 9.060.2. *Nominations.*

8 ~~A club may nominate a qualified member of any club in the district who is willing~~  
9 ~~and able to serve. A club may nominate only one of its own members as~~  
10 ~~candidate for representative. Such candidate shall be a qualified member who is~~  
11 ~~willing and able to serve.~~ The club president and secretary shall certify the  
12 nomination and forward it to the governor. ~~If the nominating club is not the~~  
13 ~~candidate's club, the candidate's club president and secretary shall also certify the~~  
14 ~~nomination in order for it to be accepted.~~

(End of Text)

## **PURPOSE AND EFFECT**

15 According to the RI Bylaws, candidates for Council representative may be  
16 nominated by clubs other than their own, which can lead to the selection of  
17 multiple candidates from the same club. It is more advisable for the issue to be  
18 handled internally, with the club being in charge of nominating its own members,  
19 who are more likely to understand the club's positions on various legislative  
20 matters.

## **FINANCIAL IMPACT**

21 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-65

To provide that the five most recent past presidents are non-voting members of the Councils

**Proposer(s):** District 7360, USA

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 9 Composition and Procedures of the Councils**

4

5 **9.110. Council Officers.**

6

7 9.110.6. *Non-Voting Members.*

8 The president, president-elect, the five most recent past presidents of RI, other  
9 members of the board, and general secretary are non-voting members of the  
10 councils. A TRF trustee, elected by the trustees, is a non-voting member of the  
11 councils.

(End of Text)

## **PURPOSE AND EFFECT**

12 Past presidents of RI can provide Council representatives with a perspective that  
13 many, if not most, representatives would not have.

14

15 The 2019 Council on Legislation was justly concerned with the increasing costs of  
16 conducting Rotary business. As part of a response to rein in costs, all past  
17 presidents of RI were eliminated as non-voting members of the Councils.  
18 However, past presidents of RI do possess insight and experience far exceeding  
19 that of most Council representatives. By retaining the five most recent past  
20 presidents of RI as non-voting members of the Councils, Council representatives  
21 will have access to that knowledge and we ensure that there is an institutional  
22 memory extending to the two preceding Councils on Legislation.

## **FINANCIAL IMPACT**

23 This enactment would result in an increase in expenses for RI if the five most  
24 recent past presidents were included as non-voting members of the Council on  
25 Legislation. The cost for five past presidents to attend the Council on Legislation  
26 would be approximately US\$22,500, unless they are already attending the  
27 Council on Legislation in an official capacity, such as attending as a Trustee.

# PROPOSED ENACTMENT 22-66

To allow for the Council on Legislation to be held in person or online

**Proposer(s):** District 4420, Brazil

1 *To amend the **CONSTITUTION** of Rotary International as follows*

2

3

## **Article 10 Council on Legislation**

4

5 **Section 2 — Time and Place.** The council on legislation shall convene  
6 triennially, either in person or online, in April, May, or June, but preferably in  
7 April. The board will determine the date and place of the meeting, provided  
8 that, except for compelling financial or other reasons as determined by a two-  
9 thirds vote of the entire board, ~~the~~ an in-person meeting shall be held in the  
10 vicinity of the RI world headquarters.

11

12 **Section 5 — Extraordinary Meeting to Adopt Legislation.** The board, by a 90  
13 percent vote of the entire board, may call an extraordinary meeting of the  
14 council on legislation, either in person or online. The board will determine the  
15 time and place for the meeting and specify its purpose. The meeting may  
16 consider and act only on legislation proposed by the board. Legislation to be  
17 considered at the meeting is not subject to the submission deadlines and  
18 procedures elsewhere in the constitutional documents of RI, except that those  
19 procedures shall be followed to the extent time permits. Any action of the  
20 meeting shall be subject thereafter to action by the clubs as provided in section  
21 3 of this article.

22

23 *And to amend the **BYLAWS** of Rotary International as follows*

24

25

## **Article 7 Council on Legislation**

26

27 **7.070. Review of Legislation.**

28

29 **7.070.6. Council Consideration of Legislation.**

30 Before any in-person or online meeting of the council on legislation, the  
31 representatives may vote electronically on duly proposed legislation presented for  
32 consideration by the council operations committee, after notice and opportunity  
33 for comment. This vote may be part of the council on resolutions. If less than 20  
34 percent of the representatives entitled to vote vote for an enactment, it shall not  
35 be considered at the next in-person or online meeting of the council on  
36 legislation. If more than 80 percent of the representatives entitled to vote vote for  
37 an enactment, it shall be considered on the consent agenda for the next in-person  
38 or online meeting. At its next in-person or online meeting, the council shall

1 consider and act upon the consent agenda, all other duly proposed and not  
2 defective legislation, and any amendments.

(End of Text)

### **PURPOSE AND EFFECT**

3 This enactment would provide for an online meeting of the Council on  
4 Legislation, similar to the Council on Resolutions, thus sparing representatives  
5 the risk and discomfort associated with long-distance international travel.  
6

7 This accommodation would also eliminate the participation of staff, as well as the  
8 physical and mental exhaustion of reviewing many proposals during the very  
9 short period allotted for the in-person meeting. In addition, the proposed change  
10 to an online Council format would provide representatives with more time to  
11 participate and give their opinions in an online Council chat, which would be  
12 open for several days. The comfort and safety of all representatives would be  
13 enormously improved as a direct result of this change, along with improved  
14 review and discussion of all proposed legislation.

### **FINANCIAL IMPACT**

15 This enactment could result in a decrease in expenses for RI which cannot be  
16 determined at this time. The cost of the Council on Legislation would depend on  
17 whether the Council was held online or in person.  
18

19 The cost of the 2019 Council on Legislation was US\$2.4 million. Expenses  
20 included: hotel, meals, airfare, equipment, and other miscellaneous expenses.  
21

22 Expenses to conduct an electronic meeting of the Council on Legislation would be  
23 contingent on the requirements and format of the online meeting. Expenses  
24 would include the cost of developing and implementing a new technology  
25 solution and operating costs to support the process, translation and  
26 interpretation, and committee and staff support.  
27

28 Additional per capita dues for the Council on Legislation are determined by the  
29 Board sufficient to pay for the projected expenses of the next scheduled Council  
30 on Legislation and Council on Resolutions. The additional per capita dues are  
31 US\$1.00 for 2021-22. Future additional per capita dues would be adjusted by an  
32 amount equivalent to changes in expenses.

# PROPOSED ENACTMENT 22-67

To clarify the provisions for adopting urgent enactments at a Council on Resolutions

**Proposer(s):** Rotary Club of Mumbai West Coast, District 3141, India

1 *To amend the **CONSTITUTION** of Rotary International as follows*

2

## 3 **Article 16 Amendments**

4 **Section 1 — Circumstances.** This constitution may be amended only by a two-  
5 thirds vote of those present and voting in the council on legislation or council on  
6 resolutions.

7

8 *And to amend the **BYLAWS** of Rotary International as follows*

9

## 10 **Article 8 Council on Resolutions**

11

### 12 **8.120. Adoption of Enactments.**

13 Urgent enactments proposed by the board shall be adopted as follows:

14 (a) Enactments amending the RI constitution shall be adopted by an  
15 affirmative vote of at least a two-thirds majority of those voting at the  
16 council;

17 (b) Enactments amending the RI bylaws and the standard Rotary club  
18 constitution shall be adopted by an affirmative vote of at least a majority of  
19 those voting at the council.

20

## 21 **Article 25 Amendments**

22 These bylaws may be amended only by a majority of those voting at the council  
23 on legislation or council on resolutions, or an extraordinary council meeting as  
24 provided in section 7.090.

25

26 *And to amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

27

## 28 **Article 19 Amendments**

29 **Section 1 — Manner of Amending.** Except as provided in section 2 of this  
30 article, this constitution may be amended only by a majority vote of those voting  
31 at the council on legislation or council on resolutions.

(End of Text)

## **PURPOSE AND EFFECT**

1 Enactments are legislative proposals that seek to amend the RI Constitution, RI  
2 Bylaws, and the Standard Rotary Club Constitution, collectively known as the  
3 constitutional documents of RI. They are considered triennially by the Council on  
4 Legislation, where they are discussed in detail by representatives. The discussions  
5 are governed by the Council officers – the chair, vice chair, parliamentarian,  
6 secretary, and the Constitution and Bylaws Committee. Only after in-depth  
7 discussion are these enactments adopted by the Council and put into effect  
8 during the next Rotary year.

9  
10 Reviewing legislation is a responsibility that Rotary takes seriously;  
11 representatives discuss each proposal, carefully considering the impact it might  
12 have upon our organization. Council officers are consulted on policy questions  
13 and points of order.

14  
15 Enactments amending the RI Constitution require a two-thirds majority, while  
16 those amending the RI Bylaws and Standard Rotary Club Constitution require a  
17 simple majority to be adopted. This procedural distinction has been omitted from  
18 Article 8, and we have included it in our enactment.

19  
20 Another important point is emergency legislation, which must sometimes be  
21 reviewed and voted upon by Council members outside of the regular meeting  
22 cycle for the Council on Legislation. In anticipation of this, the 2019 Council on  
23 Legislation adopted Enactment 19-96, providing that the Council on Resolutions  
24 may vote on such legislation without detailed discussion by representatives. To  
25 preserve the significance of previously adopted enactments, we have proposed  
26 that any motion to amend or reverse the decision of a previous Council on  
27 Legislation shall require an affirmative vote of at least a two-thirds majority  
28 where amending the RI Constitution, or a simple majority where amending the  
29 RI Bylaws.

30  
31 These proposed changes will help to preserve the institution and rules of the  
32 Council on Legislation, while allowing flexibility to the Board so that it may  
33 propose new urgent enactments and modify or remove previously adopted  
34 legislation in the event of an emergency.

## **FINANCIAL IMPACT**

35 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-68

To provide for the publication of minutes for the Council on Legislation

**Proposer(s):** Rotary Club of Maebashi, District 2840, Japan

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 7 Council on Legislation**

4

5 **7.070. Review of Legislation.**

6

7 7.070.7. Publication of Council Minutes.

8 Minutes of the council on legislation shall be published in English on the RI  
9 website within six months of the council's adjournment.

(End of Text)

## **PURPOSE AND EFFECT**

10 The purpose of this enactment is to amend the RI Bylaws to require that minutes  
11 of Council deliberations be published in English on the RI website. Under the  
12 current provisions, a report of action is sent to each club after a Council adjourns  
13 (subsection 9.150.1., Reports), but this lists only the enactments adopted by the  
14 Council and provides no details about the debate itself, or of the specific  
15 discussion these decisions required in order to reach the decisions. Also, many  
16 representatives are first-time participants. Publishing the minutes of each  
17 Council would help them to prepare for Rotary's legislative process, as well as  
18 improve the quality of the legislation proposed for future Councils.

## **FINANCIAL IMPACT**

19 This enactment would result in an increase in expenses for RI which cannot be  
20 determined at this time. Additional expenses would be dependent on the level of  
21 detail provided on the Council deliberations.

22

23 Additional per capita dues for the Council on Legislation are determined by the  
24 Board sufficient to pay for the projected expenses of the next scheduled Council  
25 on Legislation and Council on Resolutions. The additional per capita dues are  
26 US\$1.00 for 2021-22. Future additional per capita dues would be adjusted by an  
27 amount equivalent to changes in expenses.

# PROPOSED ENACTMENT 22-69

To provide that governors are notified of actions taken on adopted resolutions

**Proposer(s):** Rotary Club of Kobe Seishin, District 2680, Japan  
Rotary Club of Takasago Seisho, District 2680, Japan

1 *To amend the **CONSTITUTION** of Rotary International as follows*

2

## 3 **Article 10 Council on Legislation**

4

5 **Section 6 — *Adopted Resolutions.*** Within one year of the conclusion of the  
6 council on resolutions, the board shall notify all governors of any board action  
7 taken in regard to resolutions adopted by the council.

(End of Text)

## **PURPOSE AND EFFECT**

8 The RI Constitution previously provided that “Within one year of the conclusion  
9 of the council on legislation, the board shall notify all governors of any board  
10 action taken in regard to resolutions adopted by the council.” However, this  
11 provision was removed by the 2016 Council on Legislation.

12

13 As a result, the RI Board now has no constitutional obligation to inform  
14 governors of its process in reviewing adopted resolutions. It is left entirely to the  
15 Board’s discretion when to notify the governors of how or whether such  
16 resolutions have been considered. This means that, though it may sound extreme,  
17 it is possible for the Board to delay its review of adopted resolutions or to  
18 withhold notification of that action from the governors.

19

20 It is naturally expected that the Board will review adopted resolutions within a  
21 reasonable timeframe and provide suitable notification to the district governors.  
22 If not, districts and clubs who, having thoroughly discussed such proposals, but  
23 not receiving a prompt and appropriate response, will be less inclined to  
24 participate in future Councils.

25

26 For this reason, we propose that Article 10, Section 6 of the RI Constitution be  
27 reinstated. We believe that the restoration of this provision would significantly  
28 enhance districts’ motivation as future participants in Rotary’s legislative process.

29

30 We would like to add that this amendment is being proposed as an enactment  
31 after a similar proposal by our district missed the submission deadline for the  
32 2019 Council on Legislation. District 2680 submitted a resolution to the 2018

1 Council on Resolutions requesting the Board propose the original enactment to  
2 the 2019 Council on Legislation, and the resolution passed with a majority of 57  
3 percent; nevertheless, the Board did not propose the enactment.

#### **FINANCIAL IMPACT**

4 This enactment would have no substantial financial impact on RI, as the general  
5 secretary already plans to provide the notification.

# EXECUTIVE SUMMARY

## **22-70 To modernize and streamline the RI Constitution without making any substantive changes**

This item was drafted to make non-substantive changes to the RI Constitution. The Constitution and Bylaws committee reviewed each section, in order to remove extra words and streamline the format. No changes to content are made. The changes are cosmetic, removing redundancies, and improving readability and access by Rotarians. In the end, the RI Constitution will be one-quarter shorter and much easier to use. Some examples of the changes are:

- Merging the description and purposes of RI into one article.
- Modernizing the language in Article 8 “Administration” about the administration of clubs.
- Updated the wording for the voting procedures at the convention.
- Removing which entities may amend the RI Constitution in Article 16, which is already specified in the RI Bylaws for all constitutional documents.

## **PURPOSE AND EFFECT**

1 The constitutional documents are amended by the Council every three years.  
2 Each change is independently drafted and adopted. Over time the language may  
3 become fragmented and inconsistent as individual sections are amended. The last  
4 time the Rotary International Constitution had a comprehensive review was in  
5 1992 and it was apparent that a review was needed again to clarify and reorganize  
6 the RI Constitution.  
7 The Constitution and Bylaws Committee, along with 2019 Council on Legislation  
8 Chair Duane Benton, drafted this legislation so as to modernize and streamline  
9 the RI Constitution, without making substantive changes to its current  
10 provisions. Overall, the purpose of these changes was to simplify the RI  
11 Constitution and enable it to be better understood by all Rotarians. They are in

- 1 line with changes that were adopted at the 2019 Council on Legislation for the RI
- 2 Bylaws and Standard Rotary Club Constitution.

**FINANCIAL IMPACT**

- 1 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-71

To provide for the administration of clubs in a pilot project

**Proposer(s):** Board of Directors of RI  
Rotary Club of Merimbula, District 9705, Australia

1 *To amend the **CONSTITUTION** of Rotary International as follows*

2

## 3 **Article 8 Administration**

4

5 **Section 2** — The administration of clubs shall be under general supervision of  
6 the board together with one or other of the following forms of direct  
7 supervision, which shall be at all times in conformity with the provision of this  
8 constitution and the bylaws:

9

10 (e) As a pilot project to include not more than 6,000 clubs and to have a  
11 duration of not more than six years, with such supervision as may be  
12 deemed advisable by the board.

(End of Text)

## **PURPOSE AND EFFECT**

13 The purpose of this enactment is to allow the Board to experiment with new and  
14 more contemporary supervision structures for clubs and Rotarians. With the pace  
15 of change in society and the increasing impact of technology on our lives, it is  
16 appropriate to look at new ways to support our clubs and our members. We need  
17 to consider new models that can enhance our efficiency, increase the ability of  
18 members to access support, and look at new ways to make volunteer positions  
19 more manageable and doable.

20

21 The current volunteer structure is one that was put in place over 70 years ago, at  
22 a time when communication and increasing motivation were very dependent on  
23 in-person connections. The current structure has grown into a significant  
24 hierarchy with additional volunteer layers and roles having been added over the  
25 years. Most contemporary entities in today's global marketplace have  
26 significantly flattened their organizational structures to allow greater agility and  
27 more direct links between the leadership and grassroots levels of their  
28 organizations. This enactment will allow the Board to experiment with new  
29 models that can potentially enhance our efficiency, allowing more flexibility in  
30 the delivery of services, including regionalization of those services and offerings.

## **FINANCIAL IMPACT**

- 1 This enactment would have a financial impact on RI which cannot be determined
- 2 at this time. Cost would be dependent on how the Board decides to structure the
- 3 pilot project.

# PROPOSED ENACTMENT 22-72

To revise the criteria for changing district boundaries

**Proposer(s):** Rotary Club of Chigasaki, District 2780, Japan

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 15 Districts**

4

### 5 **15.010. How Established.**

6 The board is authorized to group clubs into districts and set their boundaries.

7

#### 8 *15.010.1. Eliminating and Changing Boundaries.*

9 ~~The board may eliminate or change the boundaries of a district with more than~~  
10 ~~100 clubs or fewer than 1,100 Rotarians, and then may move clubs from these~~  
11 ~~districts into adjacent districts, merge these districts with others, or divide them.~~  
12 The board may change the boundaries of a district with fewer than 20 clubs or  
13 1,100 Rotarians or merge clubs in these districts with adjacent districts, or divide  
14 a district with more than 100 clubs or 5,400 Rotarians. Otherwise, no change  
15 shall be made to the boundaries of a district if a majority of its clubs object. The  
16 board may eliminate or change the boundaries of a district only after consulting  
17 with the governors and clubs involved and allowing them reasonable opportunity  
18 to provide a recommendation on the proposed change. The board shall consider  
19 geographical boundaries, potential for district growth, and cultural, economic,  
20 language, and other relevant factors. The board shall establish procedures for  
21 administration, leadership, and representation of future or merged districts.

(End of Text)

## **PURPOSE AND EFFECT**

22 Setting the number of clubs and the number of members as criteria for the  
23 establishment of district boundaries will give the RI Board more flexibility to  
24 either divide or merge districts to keep them at an appropriate size.

## **FINANCIAL IMPACT**

25 This enactment could have a financial impact on RI which cannot be determined  
26 at this time. Cost would depend on the scope and extent of support provided by  
27 the RI Board to eliminate and change district boundaries.  
28 The estimated average RI cost for direct expenses only is US\$35,000 per district,  
29 which is primarily driven by district governor funding, district governor training

1 at the International Assembly, and Council representative expenses for the  
2 Council on Legislation.

3

4 Currently, 82 districts would be potentially impacted:

- 5 • 29 districts have fewer than 20 clubs or 1,100 Rotarians
- 6 • 53 districts have more than 100 clubs or 5,400 Rotarians

### 5 **15.010. How Established.**

#### 8 *15.010.1. Eliminating and Changing Boundaries.*

11 districts into adjacent districts, merge these districts with others, or divide them.  
12 Otherwise, no change shall be made to the boundaries of a district if a majority of  
13 its clubs object. The board may eliminate or change the boundaries of a district  
14 only after consulting with the governors and clubs involved and allowing them  
15 reasonable opportunity to provide a recommendation on the proposed change.  
16 The board shall consider geographical boundaries, potential for district growth,  
17 and cultural, economic, language, and other relevant factors. The effective date of  
18 any decision to eliminate or change district boundaries shall be postponed for at  
19 least four (4) years. The board shall establish procedures for administration,  
20 leadership, and representation of future or merged districts.

(End of Text)

## **PURPOSE AND EFFECT**

21 Due to the ongoing coronavirus pandemic, all Rotary events are being held in a  
22 virtual manner using tools available on the internet. This mode of operation has  
23 also been used to hold club meetings. Virtual meetings have lower levels of  
24 attendance compared to in-person meetings.

25

26 Fellowship, one of the pillars of the organization, has been greatly impacted,  
27 causing many members to leave temporarily or possibly forever.

28 Most districts have had great difficulty bringing in new members, as well as  
29 keeping their current membership base stable.

30

31 A moratorium on changes in district boundaries will provide governors,  
32 governors-elect, governors-nominee, and appointees with an incentive to remain  
33 focused on these significant challenges.

## **FINANCIAL IMPACT**

1 This enactment would have a financial impact on RI which cannot be determined  
2 at this time. Cost would depend on the scope and extent of support provided by  
3 the RI Board to postpone any decision to eliminate or change district boundaries  
4 for a period of at least four (4) years.

5  
6 The cost would depend on how many districts over the four-year time period  
7 would have more than 100 clubs or fewer than 1,100 Rotarians.

8  
9 The estimated average RI cost per district is US\$35,000 for direct expenses only,  
10 which is primarily driven by district governor funding, district governor training  
11 at the International Assembly, and Council representative expenses for the  
12 Council on Legislation.

## 3 **Article 7 Council on Legislation**

4

5 **7.030.** *District Endorsement of Club Legislation.*

6 Club-proposed enactments must be endorsed by its district at a district  
7 conference, a district legislation meeting, or an RIBI district council. Where time  
8 does not allow proposed enactments to be submitted to ~~the~~ a district conference,  
9 a district legislation meeting, or RIBI district council, the proposed enactments  
10 may be submitted to the clubs of the district by a club ballot conducted by the  
11 governor. Any club ballot shall follow the procedure in section 12.050. as closely  
12 as possible. An enactment delivered to the general secretary shall be certified by  
13 the governor that it has been endorsed. Districts should not propose or endorse  
14 more than five enactments per council on legislation.

15

## 16 **Article 9 Composition and Procedures of the Councils**

17

18 **9.060.** *Election of Representatives at the District Conference.*

19

20 **9.060.1.** *Election.*

21 If the district does not use the nominating committee procedure, it may elect the  
22 representative and the alternate at ~~the annual~~ a district conference or, in the case  
23 of an RIBI district, at the district council. The election shall take place by 30 June  
24 in the year two years before the council on legislation or, in the case of an RIBI  
25 district, at the meeting of the district council after 1 October in the year two years  
26 before the council on legislation.

27

28 **9.060.4.** *Selection of Representatives and Alternates.*

29 The candidate receiving a majority of the votes at ~~the~~ a district conference, or in a  
30 club ballot conducted by the governor, is the representative to the council on  
31 legislation and the council on resolutions. If there are only two candidates, the  
32 candidate not receiving a majority of the votes is the alternate, serving only if the  
33 representative is unable to serve. Voting procedure shall follow sections 12.050.  
34 and 12.050.1.

35

## 36 **Article 11 Nominations and Elections for Directors**

37

38 **11.020.** *Selection of Director-nominee and Alternate by Nominating Committee*  
39 *Procedure.*

1 11.020.4. *Election.*

2 Except as provided in subsections 11.020.9., 11.020.10., and 11.020.11., the  
3 member and the alternate member of the nominating committee shall be elected  
4 at the district conference in the year before the scheduled nomination or by a club  
5 ballot conducted by the governor. To participate in district voting for the  
6 selection of a member and alternate member of the nominating committee for  
7 director, a club shall have paid the required district levy for the Rotary year in  
8 which the voting is taking place and shall not be indebted to the district. The  
9 financial status of the club is determined by the governor.

10  
11 11.020.5. *Nominations.*

12 Any club in a district may nominate a qualified member of the club for  
13 membership on the nominating committee if the member has indicated a  
14 willingness and ability to serve. The club shall certify the nomination in writing  
15 and must include the signatures of the club president and secretary. The  
16 nomination shall be forwarded to the governor for presentation to the electors at  
17 ~~the a~~ district conference or to the clubs of the district if determined by a club  
18 ballot conducted by the governor. Each club shall designate one elector to cast all  
19 its votes if voting at the district conference. All votes from a club with more than  
20 one vote shall be cast for the same candidate. For votes requiring or utilizing a  
21 single transferable ballot with three or more candidates, all votes from a club with  
22 more than one vote shall be for the same-ordered choices of candidates.

23  
24 **Article 12 Nominations and Elections for Governors**

25  
26 **12.030. Nominating Committee Process.**

27  
28 12.030.6. *Committee Inability to Select Nominee.*

29 If the nominating committee cannot agree upon a candidate, the governor-  
30 nominee shall be elected in a club ballot as provided in section 12.050. ~~or at the a~~  
31 district conference in accordance with section 15.050. In either case, only those  
32 candidates suggested to the nominating committee may participate.

33  
34 12.030.9. *Challenging Nominations.*

35 Within seven days after the deadline, the governor shall notify clubs that there is  
36 a valid challenging candidate. The notice shall include the name and  
37 qualifications of each challenging candidate, the names of the challenging and  
38 concurring clubs, and state that the candidates will be voted on in a club ballot or  
39 at ~~the a~~ district conference, if the challenge remains valid for 30 days after the  
40 notice by the governor.

41  
42 **12.060. Selection of Governor by District Conference.**

43 If a district chooses to select its governor-nominee at ~~the a~~ district conference,  
44 the governor shall invite the clubs to submit their suggestions for nominations for  
45 governor. The call for nominations and the ballot at the district conference will  
46 follow as closely as possible the provisions for a club ballot. All votes from a club

1 with more than one vote shall be counted only if cast for the same candidate.  
2 Each club shall designate one elector to cast all its votes.

3  
4 **Article 15 Districts**

5  
6 **15.040. District Conference and District Legislation Meeting.**

7  
8 **15.040.1. Time.**

9 A district conference shall be held ~~annually at a time~~ at a date and place agreed  
10 upon by the governor and the presidents of a majority of the clubs. The governor-  
11 nominee may begin planning the conference when selected and certified to the  
12 general secretary. The conference dates shall not conflict with the district training  
13 assembly, the international assembly, or the international convention. The board  
14 may authorize two or more districts to hold their conferences together. The  
15 district may also hold a district legislation meeting, after all clubs receive 21 days'  
16 notice, at a time and place set by the governor. If a majority of the clubs request a  
17 district legislation meeting, specifying the items to be discussed, the governor  
18 shall convene the meeting within eight weeks of the request.

19  
20 ~~15.040.2. Site Selection.~~

21 ~~The governor nominee and a majority of the current club presidents must agree~~  
22 ~~on the site for the conference. Alternatively, the board may approve that the~~  
23 ~~governor nominee and a majority of those who will serve as club presidents~~  
24 ~~during the same year may select the site of the conference. If a club has not~~  
25 ~~selected its future president, its current president shall vote on the site.~~

26  
27 (Subsequent subsections will be renumbered as appropriate)

28  
29 **15.050. Voting at District Conferences and District Legislation Meetings.**

30

36 with 38 to 62 members is entitled to two electors, a club with 63 to 87 members is  
37 entitled to three electors and so on. Membership is determined by the number of  
38 members in the latest club invoice before the vote, except that a suspended club

40 be present at the conference or legislation meeting. To participate in any voting  
41 by electors at ~~the a~~ district conference, a club shall have paid the required district  
42 levy for the Rotary year in which the voting is taking place and shall not be  
43 indebted to the district. The financial status of the club is determined by the  
44 governor.

45  
46 **Article 16 Governors**

1 **16.030. Duties of a Governor.**

2 The governor is the officer of RI in the district, functioning under the general  
3 control and supervision of the board. The governor shall inspire and motivate the  
4 clubs in the district. The governor shall ensure continuity within the district by

6 responsible for:

- 7 (a) organizing new clubs;
- 8 (b) strengthening existing clubs;

- 10 (d) working with district and club leaders to encourage participation in a  
11 district leadership plan as developed by the board;

13 the clubs in the district;
- 14 (f) supporting TRF;
- 15 (g) promoting cordial relations among the clubs and Rotaract clubs and  
16 between the clubs, Rotaract clubs, and RI;
- 17 (h) planning for and presiding at the district conference (if scheduled) and  
18 assisting the governor-elect in planning and preparing the PETS and the  
19 district training assembly;
- 20 (i) conducting an official visit to each club, individually or in multi-club  
21 meetings, that maximizes the governor's presence to:
  - 22 1. focus attention on important Rotary issues;
  - 23 2. provide special attention to weak and struggling clubs;
  - 24 3. motivate Rotarians to participate in service activities;
  - 25 4. ensure that the club constitution and bylaws comply with the  
26 constitutional documents, especially following councils on legislation;  
27 and
  - 28 5. personally recognize the outstanding contributions of Rotarians in the

## **PURPOSE AND EFFECT**

1 This proposal removes the requirement to hold a district conference annually. It  
2 provides flexibility for districts to hold a conference annually or when  
3 appropriate.

4  
5 District conferences may be canceled due to unforeseen circumstances. These  
6 circumstances may include natural disasters, pandemics, or economic  
7 environments that generally prevent Rotarians from attending a conference.

8  
9 In addition, in large geographical districts where distance and travel costs are an  
10 issue, it may be impractical to hold the conference annually.

11  
12 The objective of this proposal is to allow districts to determine the timing of a  
13 district conference.

## **FINANCIAL IMPACT**

14 This enactment could result in a decrease in expenses for RI which cannot be  
15 determined at this time. The decrease in expenses is contingent upon the number  
16 of annual district conferences that are no longer held each year. In fiscal year  
17 2019, the expenses for the president's representatives to attend district  
18 conferences were US\$594,000.

19  
20 There has been an increase in virtual conferences during fiscal year 2021.  
21 Assigning virtual representatives to these conferences comes with no travel  
22 expenses; however, this does not eliminate the overhead costs of administering  
23 the program.

6

7 15.040.1. *Time.*

8 A district conference shall be held annually at a time agreed upon by the governor

9 and the presidents of a majority of the clubs. A conference may be suspended for

10 one year; however, a conference must be held at least once every two years.

11 Conferences may be held in person, by teleconference, or virtually using web-

12 based videoconferencing or other communication tools. The governor-nominee

13 may begin planning the conference when selected and certified to the general

14 secretary. The conference dates shall not conflict with the district training

15 assembly, the international assembly, or the international convention. The board

16 may authorize two or more districts to hold their conferences together. The

17 district may also hold a district legislation meeting, after all clubs receive 21 days'

18 notice, at a time and place set by the governor. If a majority of the clubs request a

19 district legislation meeting, specifying the items to be discussed, the governor

20 shall convene the meeting within eight weeks of the request.

(End of Text)

## **PURPOSE AND EFFECT**

21 This proposal removes the requirement to hold a district conference annually. It

22 provides flexibility for districts to hold a conference when appropriate or

23 annually.

24

25 Consideration of unforeseen circumstances may result in the inability to hold a

26 conference. These circumstances may be due to natural disasters, pandemics, or

27 economic environments that prevent Rotarians at large from attending a

28 conference.

29

30 In addition, in geographically large districts where distance and costs of travel are

31 important factors, it may be impractical to hold the conference annually. In such

32 districts, conferences may be held face-to-face and include participants by Zoom

1 or other web-based videoconferencing tools.

2

3 The objectives of this proposal are to allow districts to determine the timing of a  
4 district conference and the method of conference delivery. This gives all  
5 Rotarians a choice in how they wish to attend a conference.

### **FINANCIAL IMPACT**

6 This enactment could result in a decrease in expenses for RI which cannot be  
7 determined at this time. The decrease in expenses is contingent upon the number  
8 of annual district conferences that are no longer held each year. In fiscal year  
9 2019, the expenses for the president's representatives to attend district  
10 conferences were US\$594,000.

11

12 There has been an increase in virtual conferences during fiscal year 2021.  
13 Assigning virtual representatives to these conferences comes with no travel  
14 expenses; however, this does not eliminate the overhead costs of administering  
15 the program.

To amend the provisions for planning a district conference

## 3 **Article 15 Districts**

4

5 **15.040. District Conference and District Legislation Meeting.**

6

7 **15.040.1. Time.**

8 A district conference shall be held annually at a time agreed upon by the governor  
9 and the presidents of a majority of the clubs. The governor-nominee may begin  
10 planning the conference for their year as governor when selected and certified to  
11 the general secretary. The conference dates shall not conflict with the district  
12 training assembly, the international assembly, or the international convention.  
13 The board may authorize two or more districts to hold their conferences together.  
14 The district may also hold a district legislation meeting, after all clubs receive 21  
15 days' notice, at a time and place set by the governor. If a majority of the clubs  
16 request a district legislation meeting, specifying the items to be discussed, the  
17 governor shall convene the meeting within eight weeks of the request.

18

19 **15.040.2. Site Selection.**

20 The governor-nominee and a majority of the ~~current~~ club presidents, who will  
21 serve during the same year as the governor-nominee, must agree on the site for  
22 the conference. ~~Alternatively, the board may approve that the governor-nominee~~  
23 ~~and a majority of those who will serve as club presidents during the same year~~  
24 ~~may select the site of the conference.~~ If a club has not selected its future  
25 president, its current president shall vote on the site.

(End of Text)

## **PURPOSE AND EFFECT**

26 It stands to reason that governors, along with their club presidents, should decide  
27 the site and time of the district conference that takes place during their year of  
28 service. This applies whether it is the current governor and current club  
29 presidents or the governor-nominee and their club presidents.

30

31 If the governor decides the dates, and the governor-nominee selects the site of  
32 the district conference, the final decision may be controversial. The governor and

- 1 governor-nominee may also disagree with each other over the meeting details,
- 2 especially if they have differing preferences.

**FINANCIAL IMPACT**

- 3 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-77

To add professional development to the second Avenue of Service and vocational service to the recommended club committees list

**Proposer(s):** Rotary Club of Rotary Club of Paris 20ème Service & Industrie, District 1660, France

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

## 3 **Article 6 Five Avenues of Service**

4 Rotary's five Avenues of Service are the philosophical and practical framework  
5 for the work of this Rotary club.

- 6 1. Club Service, the first Avenue of Service, involves action a member should  
7 take within this club to help it function successfully.
- 8 2. Vocational Service, the second Avenue of Service, has the purpose of  
9 promoting high ethical standards in businesses and professions,  
10 recognizing the worthiness of all dignified occupations, ~~and~~ fostering the  
11 ideal of service in the pursuit of all vocations, and in this spirit, supporting  
12 professional development. The role of members includes conducting  
13 themselves and their businesses in accordance with Rotary's principles and  
14 lending their vocational skills to club-developed projects in order to  
15 address the issues and needs of society.
- 16 3. Community Service, the third Avenue of Service, comprises varied efforts  
17 that members make, sometimes in conjunction with others, to improve the  
18 quality of life of those who live within this club's locality or municipality.
- 19 4. International Service, the fourth Avenue of Service, comprises those  
20 activities that members do to advance international understanding,  
21 goodwill, and peace by fostering acquaintance with people of other  
22 countries, their cultures, customs, accomplishments, aspirations, and  
23 problems, through reading and correspondence and through cooperation in  
24 all club activities and projects designed to help people in other lands.
- 25 5. Youth Service, the fifth Avenue of Service, recognizes the positive change  
26 implemented by youth and young adults through leadership development  
27 activities, involvement in community and international service projects,  
28 and exchange programs that enrich and foster world peace and cultural  
29 understanding.

30

## 31 **Article 11 Directors and Officers and Committees**

(End of Text)

## **PURPOSE AND EFFECT**

4 We often explain away the difficulty in recruiting young professionals as being  
5 due to their lack of motivation and sometimes their individualism, or perhaps to  
6 the high cost of dues.

7  
8 However, some professional organizations do prosper with dues-paying  
9 members. In comparison with such organizations, both dues and time  
10 commitment during the busy life stage of a young professional has put Rotary  
11 behind.

12  
13 For Rotary to become a primary choice again, it would be desirable for our  
14 organization to re-adopt professional development as one its major goals.

15  
16 Resolution 20R-03, to reintroduce professional development as a Rotary value,  
17 was adopted by the 2020 Council on Resolutions. Clubs now need to declare  
18 without hesitation that Rotary, alongside humanitarian projects and with a  
19 strong focus on high ethics, supports the professional development of its  
20 members.

21  
22 When that takes place, young professionals will again become interested in  
23 Rotary. Our district has already created a few clubs in that spirit and their growth  
24 shows the appropriateness and the value of such a path.

25  
26 Professional development is therefore a major component of club growth. A  
27 young leader engaged by the ideal of service is also attracted by vocational  
28 accomplishments. He or she wishes to join Rotary, to feel trusted in a powerful,  
29 reliable network.

30  
31 A club vocational committee, focused on professional development with Rotary  
32 values, will hold the same attraction for young professionals as does a service  
33 projects committee for those who are actively committed to the ideal of service.

## **FINANCIAL IMPACT**

34 This enactment would have no substantial financial impact on RI, as professional  
35 development opportunities can be undertaken through the vocational area of  
36 service.

# PROPOSED ENACTMENT 22-78

To amend the Avenues of Service to include positive peace

**Proposer(s):** District 5550, Canada

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

## 3 **Article 6 Five Avenues of Service**

4 Rotary's five Avenues of Service are the philosophical and practical framework  
5 for the work of this Rotary club.

- 6 1. Club Service, the first Avenue of Service, involves action a member should  
7 take within this club to help it function successfully.
- 8 2. Vocational Service, the second Avenue of Service, has the purpose of  
9 promoting high ethical standards in businesses and professions,  
10 recognizing the worthiness of all dignified occupations, and fostering the  
11 ideal of service in the pursuit of all vocations. The role of members includes  
12 conducting themselves and their businesses in accordance with Rotary's  
13 principles and lending their vocational skills to club-developed projects in  
14 order to address the issues and needs of society.
- 15 3. Community Service, the third Avenue of Service, comprises varied efforts  
16 that members make, sometimes in conjunction with others, to improve the  
17 quality of life of those who live within this club's locality or municipality by  
18 striving for positive peace in the community.
- 19 4. International Service, the fourth Avenue of Service, comprises those  
20 activities that members do to advance international understanding,  
21 goodwill, and positive peace by fostering acquaintance with people of other  
22 countries, their cultures, customs, accomplishments, aspirations, and  
23 problems, through reading and correspondence and through cooperation in

- 25 5. Youth Service, the fifth Avenue of Service, recognizes the positive change  
26 implemented by youth and young adults through leadership development  
27 activities, involvement in community and international service projects,  
28 and exchange programs that enrich and foster positive world peace and  
29 cultural understanding.

(End of Text)

## **PURPOSE AND EFFECT**

30 Rotary's first area of focus is promoting peace. Peace is part of Rotary's mission  
31 statement and is included in our Avenues of Service. Over the years, the concept  
32 of "peace" has not been defined and now needs enhancement as our  
33 understanding of the word has developed.

1 Positive peace is defined by Rotary’s partner, the Institute for Economics and  
2 Peace, as the attitudes, institutions, and structures that create and sustain  
3 peaceful societies, such as a sound business environment, equitable distribution  
4 of resources, free flow of information, high levels of human capital, acceptance of  
5 the rights of others, and low levels of corruption. These same factors also lead to  
6 many other positive outcomes which society feels are important, creating the  
7 optimum environment for human potential to flourish. Defining peace in this  
8 way will permit objective measurement of community positive peace outcomes  
9 using community created indices guided by the example of the Global Peace  
10 Index for countries.

11  
12 Rotarians everywhere should consider what “peace” means to them and strive to  
13 achieve positive peace and embrace the definition of it as described above.  
14 Adding these clarifying words to the Avenues of Service will help Rotarians focus  
15 more effectively on really meaningful peace in our communities and in the world.

### **FINANCIAL IMPACT**

16 This enactment could have a financial impact on RI which cannot be determined  
17 at this time. Cost would be dependent on the scope and extent of support  
18 provided by the RI Board to accomplish this goal.

# PROPOSED ENACTMENT 22-79

To revise the third Avenue of Service to include improving the quality of life of older people

**Proposer(s):** Rotary Club of Strasbourg Kléber, District 1680, France

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

3 **Article 6 Five Avenues of Service**

4 Rotary's five Avenues of Service are the philosophical and practical framework  
5 for the work of this Rotary club.

- 6 1. Club Service, the first Avenue of Service, involves action a member should  
7 take within this club to help it function successfully.
- 8 2. Vocational Service, the second Avenue of Service, has the purpose of  
9 promoting high ethical standards in businesses and professions,  
10 recognizing the worthiness of all dignified occupations, and fostering the  
11 ideal of service in the pursuit of all vocations. The role of members includes  
12 conducting themselves and their businesses in accordance with Rotary's  
13 principles and lending their vocational skills to club-developed projects in  
14 order to address the issues and needs of society.
- 15 3. Community Service, the third Avenue of Service, comprises varied efforts  
16 that members make, sometimes in conjunction with others, to improve the  
17 quality of life of those who live within this club's locality or municipality  
18 and of older people in general, so that they are provided with access to  
19 quality medical care, as well as a safe and comfortable living environment,  
20 thereby facilitating positive interactions between the senior community and  
21 those of more recent generations.
- 22 4. International Service, the fourth Avenue of Service, comprises those  
23 activities that members do to advance international understanding,  
24 goodwill, and peace by fostering acquaintance with people of other  
25 countries, their cultures, customs, accomplishments, aspirations, and  
26 problems, through reading and correspondence and through cooperation in  
27 all club activities and projects designed to help people in other lands.
- 28 5. Youth Service, the fifth Avenue of Service, recognizes the positive change  
29 implemented by youth and young adults through leadership development  
30 activities, involvement in community and international service projects,  
31 and exchange programs that enrich and foster world peace and cultural  
32 understanding.

(End of Text)

## **PURPOSE AND EFFECT**

1 We believe it is necessary to amend the third Avenue of Service,  
2 Community Service, with an additional point regarding care of the elderly.

3  
4 The proposed enactment aims at taking into consideration that there is a  
5 growing, worldwide demand for projects and services catering to the senior  
6 population: nursing homes, housing, healthcare, disease treatment and  
7 prevention, education, recreation, and physical activities for the elderly.

8  
9 However, seniors are not currently included in any of the areas of focus,  
10 and are therefore unable to benefit from global grant funding. The lack of  
11 access to such funding prevents clubs and districts from implementing  
12 projects that would address these specific areas of need.

## **FINANCIAL IMPACT**

13 This enactment could have a financial impact on RI which cannot be determined  
14 at this time. Cost would be dependent on the scope and extent of support  
15 provided by the RI Board to accomplish this goal.

# PROPOSED ENACTMENT 22-80

To amend the fourth Avenue of Service to link international districts

**Proposer(s):** Rotary Club of Madras Temple City, District 3232, India

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

## 3 **Article 6 Five Avenues of Service**

4 Rotary's five Avenues of Service are the philosophical and practical framework  
5 for the work of this Rotary club.

- 6 1. Club Service, the first Avenue of Service, involves action a member should  
7 take within this club to help it function successfully.
- 8 2. Vocational Service, the second Avenue of Service, has the purpose of  
9 promoting high ethical standards in businesses and professions,  
10 recognizing the worthiness of all dignified occupations, and fostering the  
11 ideal of service in the pursuit of all vocations. The role of members includes  
12 conducting themselves and their businesses in accordance with Rotary's  
13 principles and lending their vocational skills to club-developed projects in  
14 order to address the issues and needs of society.
- 15 3. Community Service, the third Avenue of Service, comprises varied efforts  
16 that members make, sometimes in conjunction with others, to improve the  
17 quality of life of those who live within this club's locality or municipality.
- 18 4. International Service, the fourth Avenue of Service, comprises those  
19 activities that members do to advance international understanding,  
20 goodwill, and peace by fostering acquaintance with people of other  
21 countries, their cultures, customs, accomplishments, aspirations, and  
22 problems, through reading and correspondence and through cooperation in  
23 all club activities and projects designed to help people in other lands. Every  
24 district shall be linked to a matching district from another country for a  
25 period of three years in a manner determined by the board.
- 26 5. Youth Service, the fifth Avenue of Service, recognizes the positive change  
27 implemented by youth and young adults through leadership development  
28 activities, involvement in community and international service projects,  
29 and exchange programs that enrich and foster world peace and cultural  
30 understanding.

(End of Text)

## **PURPOSE AND EFFECT**

31 Building long term international relationships among clubs and districts can be  
32 made easier by linking districts. A structural approach, with a calendar of events,  
33 would ensure a better opportunity for global grants, plus cultural and friendship

1 exchange for districts in remote areas. The districts could coach each other in  
2 developing balanced activities.

### **FINANCIAL IMPACT**

3 This enactment would have a financial impact on RI which cannot be determined  
4 at this time. Cost would be dependent on the scope and extent of support  
5 provided by the RI Board to match every district with a district from another  
6 country for a period of three years.

7  
8 Linking and matching districts from different countries for a period of three years  
9 would require both significant technology upgrades and staff resources.

# PROPOSED ENACTMENT 22-81

To add the “ideal of service” to the Standard Rotary Club Constitution

**Proposer(s):** Rotary Club of Tsuruga, District 2650, Japan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

3 **Article 6 Ideal of Service**

4 The ideal of service means placing service first in any sequence of events and  
5 acting with goodwill and concern for others in all aspects of one’s own life.

(Subsequent articles will be renumbered as appropriate)

(End of Text)

## **PURPOSE AND EFFECT**

6 Article 5 of the Standard Rotary Club Constitution defines the Object of Rotary  
7 but does not clarify the meaning of the ideal of service to which it refers. Quoting  
8 the words of Rotary’s founder, Paul Harris, from Chapter 11 (Meaning of the  
9 Service Ideal) of his book *This Rotarian Age* will help to clarify this definition in  
10 Rotary’s most important document, as well as to guide future Rotarians in their  
11 development of the Rotary movement.

## **FINANCIAL IMPACT**

12 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-82

To provide for a Rotarian Code of Conduct

**Proposer(s):** District 3740, Korea

1 *To amend the **CONSTITUTION** of Rotary International as follows*

2

3 **Article 5 Rotarian Code of Conduct**

4 The following code of conduct has been adopted for the use of Rotarians. As a  
5 Rotarian, I will

6

- 7 1) Act with integrity and high ethical standards in my personal and  
8 professional life  
9 2) Deal fairly with others and treat them and their occupations with respect  
10 3) Use my professional skills through Rotary to: mentor young people, help  
11 those with special needs, and improve people's quality of life in my  
12 community and in the world  
13 4) Avoid behavior that reflects adversely on Rotary or other Rotarians  
14 5) Help maintain a harassment-free environment in Rotary meetings, events,  
15 and activities, report any suspected harassment, and help ensure non-  
16 retaliation to those individuals that report harassment

17

18 (Subsequent articles will be renumbered as appropriate)

19

20 *And to amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

21

22 **Article 5 Rotarian Code of Conduct**

23 The following code of conduct has been adopted for the use of Rotarians. As a  
24 Rotarian, I will

25

- 26 1) Act with integrity and high ethical standards in my personal and  
27 professional life  
28 2) Deal fairly with others and treat them and their occupations with respect  
29 3) Use my professional skills through Rotary to: mentor young people, help  
30 those with special needs, and improve people's quality of life in my  
31 community and in the world  
32 4) Avoid behavior that reflects adversely on Rotary or other Rotarians  
33 5) Help maintain a harassment-free environment in Rotary meetings, events,  
34 and activities, report any suspected harassment, and help ensure non-  
35 retaliation to those individuals that report harassment

(Subsequent articles will be renumbered as appropriate)

(End of Text)

## **PURPOSE AND EFFECT**

1 The Rotarian Code of Conduct is a policy that was adopted by the RI Board in  
2 2019. This enactment aims to elevate the code's significance by formally  
3 incorporating it into the RI Constitution and Standard Rotary Club Constitution,  
4 rather than relegating it to the Rotary Code of Policies as a mere Board policy  
5 recommendation, and thus achieving the following:  
6

- 7 1) Clearly states the conduct expected of every Rotarian in the RI Constitution  
8 and the Standard Rotary Club Constitution;
- 9  
10 2) Helps clubs establish their image as an exemplary group of service-oriented  
11 community leaders and encourages individual members to practically apply  
12 the ethical principles set forth in points 1, 2, and 3; and  
13
- 14 3) Creates stronger clubs. Adhering to the practices outlined in points 4 and 5  
15 will ensure that all members understand each other and act for the common  
16 good, which will help minimize conflict.

## **FINANCIAL IMPACT**

17 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-83

To amend why clubs may cancel regular meetings

**Proposer(s):** Rotary Club of Kajiki, District 2730, Japan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

## 3 **Article 7 Meetings**

4

### 5 **Section 1 — Regular Meetings.**

6

7 (d) *Cancellation.* The board may cancel a regular meeting for these reasons:

8

(1) a holiday, or during a week that includes a holiday;

9

(2) in observance of the death of a member;

10

(3) an epidemic or a disaster that affects the whole community; or

11

(4) an armed conflict in the community.

12

The board may cancel up to four regular meetings a year for causes ~~not~~  
listed here not specified in (1) to (4), but may not cancel more than three  
consecutive meetings for causes other than (1) to (4).

13

14

15

16 (f) *Exceptions.* The bylaws may include provisions that are not in accordance

17

with this section. A club, however, must meet at least twice per month

18

unless meetings are canceled for causes specified in sub-subsections (d)(1)

19

to (d)(4).

(End of Text)

## **PURPOSE AND EFFECT**

20 With the spread of COVID-19 throughout the world, Rotarians are uncertain as to  
21 how or even whether they should gather for regular club meetings.

22

23 This uncertainty is caused by their feeling that the meeting cancellation  
24 provisions in the Standard Rotary Club Constitution do not clearly delineate the  
25 club board's options under such extraordinary circumstances.

26

27 We believe that the current criteria for the cancellation of meetings, and in  
28 particular those relating to consecutive meeting cancellations, should be clarified,  
29 and that such a clarification would motivate clubs to develop creative alternative  
30 methods for meeting during the pandemic, thereby revitalizing their club  
31 activities.

## **FINANCIAL IMPACT**

- 1 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-84

To allow Rotaractors to attend Rotary club meetings

**Proposer(s):** District 1810, Germany

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 4 Membership in Clubs**

4

5 **4.090. Attendance at Other Clubs.**

6 ~~A Rotarian~~ Rotarians and Rotaractors may attend a regular meeting or satellite  
7 club meeting of ~~another club~~ other Rotary clubs. However, a member terminated  
8 for good cause may not attend a regular meeting or satellite club meeting of their  
9 former club.

(End of Text)

## **PURPOSE AND EFFECT**

10 All clubs should be interested in searching for younger members, as clubs are an  
11 excellent source of new members. However, prior to the decision to accept new  
12 members, the new member and club need to get to know each other. This is best  
13 achieved by providing Rotaractors with a standing invitation to all Rotary club  
14 meetings. Now that Rotaract clubs are full members of the Rotary organization,  
15 all Rotaractors should be allowed to participate in Rotary club meetings as a  
16 matter of course.

## **FINANCIAL IMPACT**

17 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-85

To remove the attendance report requirement

**Proposer(s):** Rotary Club of Tsuruga, District 2650, Japan  
Rotary Club of Kisarazu East, District 2790, Japan  
Rotary Club of Maryville, District 6780, USA

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 4 Membership in Clubs**

4

5 ~~4.080. Attendance Reports.~~

6 ~~Each club shall forward monthly attendance reports of its meetings to the~~  
7 ~~governor within 15 days after the last meeting of each month. Non-districted~~  
8 ~~clubs shall forward attendance reports to the general secretary.~~

(Subsequent sections will be renumbered as appropriate)

(End of Text)

## **PURPOSE AND EFFECT**

9 The 2016 and 2019 Councils on Legislation approved a number of changes to  
10 attendance requirements in the Standard Rotary Club Constitution. Each club  
11 may now establish its own attendance requirements in its constitution and  
12 bylaws. There is no longer a required minimum percentage of meetings that a  
13 member must attend or make up unless a club establishes one.

14

15 Article 10, Section 1(d) of the Standard Rotary Club Constitution allows a  
16 member to make up an absence within the same Rotary year. There are a great  
17 many ways a member may make up a meeting and often these are not regularly  
18 reported to the secretary. Thus, a monthly attendance report does not truly  
19 reflect the engagement of club members.

20

21 Under these circumstances, it is virtually impossible to establish a standard  
22 attendance report. Indeed, every club will have a different type of attendance  
23 report. Thus, the attendance data in a report to the governor does not necessarily  
24 convey anything meaningful about the health of a club.

25

26 Many clubs and districts may not have adhered closely to the monthly reporting  
27 requirement. For those districts who do try to track club attendance, it is  
28 increasingly difficult and time consuming to get clubs to submit the reports. The  
29 district governor seldom does anything with such reports because they are so

1 inconsistent in what they actually report.

2

3 Eliminating the requirement for a club to report monthly attendance to the  
4 governor does not affect the ability of a club to monitor its own attendance or  
5 reward good attendance. The club can and should continue to look at attendance  
6 and engagement in a manner appropriate to its attendance policies because  
7 attendance and engagement are keys to a successful club. A governor could still  
8 request a monthly attendance report if he/she wished.

### **FINANCIAL IMPACT**

9 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-86

To change attendance reports to monthly membership reports

**Proposer(s):** Rotary Club of Kawagoe, District 2570, Japan

1 *To amend the **BYLAWS** of Rotary International as follows*

2

3 **Article 4 Membership in Clubs**

4

5 **4.080. Attendance Monthly Membership Reports.**

6 Each club shall ~~forward monthly attendance reports of its meetings to the~~  
7 ~~governor~~ submit the total number of its members to the governor within 15 days  
8 after the last meeting of each month. Non-districted clubs shall forward  
9 ~~attendance reports~~ the total number of members to the general secretary.

(End of Text)

## **PURPOSE AND EFFECT**

10 Since the 2016 Council on Legislation made it unnecessary to report meeting  
11 attendance rates, only membership numbers have been reported. Article 4 of the  
12 RI Bylaws, however, still provides that “Each club shall forward monthly  
13 attendance reports of its meetings to the governor within 15 days after the last  
14 meeting of each month.” This has led to a lack of coordination in the submission  
15 of club attendance reports. We believe it is important to make club operations  
16 more efficient by amending the RI Bylaws to reflect the reality of the reports and  
17 clarify their actual purpose.

## **FINANCIAL IMPACT**

18 This enactment would have no substantial financial impact on RI.

# PROPOSED ENACTMENT 22-87

To amend the attendance report requirement to include quarterly service activity reports

**Proposer(s):** Rotary Club of Osaka, District 2660, Japan

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 4 Membership in Clubs**

4

### 5 **4.080. Attendance Reports.**

6 ~~Each club shall forward monthly attendance reports of its meetings to the~~  
7 ~~governor within 15 days after the last meeting of each month. Each club shall~~  
8 forward to the governor monthly attendance reports within 15 days after the last  
9 meeting of each month; additionally, clubs shall forward an annual attendance  
10 report, which reflects makeups, within 15 days after the last meeting of each year.  
11 Each club shall report to the general secretary its volunteer service activity hours  
12 and contributions within 15 days of the last meeting of each quarter. Non-  
13 districted clubs shall forward attendance reports and report volunteer service  
14 activity hours and contributions to the general secretary.

(End of Text)

## **PURPOSE AND EFFECT**

15 The 2019 Council on Legislation rejected Enactment 19-25, “To replace the  
16 requirement for attendance reports with a report on service,” by a vote of 240 to  
17 256. The intent of this proposal was to replace monthly club attendance reports  
18 with a quarterly update on the number of volunteer hours and financial  
19 contributions to service projects. As people of action, Rotarians should report  
20 their service activities through Rotary Club Central. It is also true, however, that  
21 neglecting to educate and motivate members about Rotary activities through  
22 regular club meetings could lead to the loss of Rotary’s uniqueness as an  
23 organization. It would be useful, therefore, to keep the current requirement to  
24 forward regular meeting attendance reports to the governor, while adding the  
25 requirement to send quarterly service activity reports to the general secretary.

## **FINANCIAL IMPACT**

26 This enactment would have a financial impact on RI which cannot be determined  
27 at this time. Cost would depend on the scope and extent of support provided by

- 1 the RI Board to facilitate data collection and report on quarterly service activity
- 2 hours and contributions.

# PROPOSED ENACTMENT 22-88

To prohibit clubs from making attendance exceptions in their bylaws

**Proposer(s):** Rotary Club of Bombay Seacoast, District 3141, India

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

## 3 **Article 10 Attendance**

4

5 ~~**Section 7** — *Exceptions.* The bylaws may include provisions not in accordance~~  
6 ~~with article 10.~~

7

## 8 **Article 13 Duration of Membership**

9

10 **Section 4** — *Termination Non-attendance.*

11 ~~(e) *Exceptions.* The bylaws may include provisions not in accordance with~~  
12 ~~article 13, section 4.~~

(End of Text)

## **PURPOSE AND EFFECT**

13 For a club to “develop acquaintance as an opportunity for service,” as noted in the  
14 first part of the Object of Rotary (Article 4 of the RI Constitution and Article 5  
15 of the Standard Rotary Club Constitution), and to practically reflect Rotary’s  
16 vision, mission, and mottos, it is imperative that its members attend the club’s in-  
17 person meetings on a regular basis. Currently, members are provided with a great  
18 deal of flexibility in regard to the manner of their club meeting attendance, as  
19 well as that in which they make up their absences, under Article 7, Section 1(b)  
20 and Article 10 of the Standard Rotary Club Constitution.

21

22 It is therefore proposed that Article 10, Section 7, Exceptions, of the Standard  
23 Rotary Club Constitution be deleted. This is seen to be necessary as any further  
24 dilution of the existing club attendance provisions could lead to a situation of  
25 almost zero engagement among the members.

26

27 Related to this issue, it is proposed that Article 13, Section 4(c), Exceptions, of the  
28 Standard Rotary Club Constitution should also be deleted as the subsection  
29 already provides that “A member who fails to attend as required may be  
30 terminated unless the board consents to the non-attendance for good cause.” Any  
31 further dilution of section 4 by a club could lead to a situation where termination  
32 for non-attendance may have no meaning.

## **FINANCIAL IMPACT**

- 1 This enactment could potentially result in a decrease in revenues for RI if there is
- 2 a decrease in membership or membership retention due to less flexibility for
- 3 current and future members.

# PROPOSED ENACTMENT 22-89

To prohibit clubs from making attendance exceptions in their bylaws and amend the time period for making up an absence

**Proposer(s):** District 2730, Japan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

## 3 **Article 10 Attendance**

4 **Section 1 — General Provisions.** Each member should attend this club’s regular  
5 meetings, or its satellite club’s regular meetings, and engage in this club’s  
6 service projects, events, and other activities. A member shall be counted as  
7 attending a regular meeting if the member:

8

9 (d) makes up the absence in any of the following ways within ~~the same year~~  
10 fourteen (14) days before or after the meeting from which the member is  
11 absent:

12

13 ~~**Section 7 — Exceptions.** The bylaws may include provisions not in accordance~~  
14 ~~with article 10.~~

(End of Text)

## **PURPOSE AND EFFECT**

15 The calculation of attendance rates has become inconsistent from club to club  
16 chiefly as a result of RI’s move toward greater flexibility in club meetings, and  
17 there is currently no organization-wide standard applied in determining such  
18 rates. Also, due to the provision that meeting make-ups are to be completed in  
19 the same year, attendance rates must now be calculated at year-end and so the  
20 original purpose of such reporting has come into question as well.

21

22 Meetings are a very important part of Rotary clubs, and so is consistent  
23 attendance. Attendance can also be linked directly to the motivation of Rotarians  
24 and their willingness to remain active within Rotary. The purpose of this proposal  
25 is to increase the number of members who are more motivated to engage in  
26 Rotary activities.

## **FINANCIAL IMPACT**

27 This enactment could potentially result in a decrease in revenues for RI if there is  
28 a decrease in membership or membership retention due to less flexibility for  
29 current and future members.

# PROPOSED ENACTMENT 22-90

To amend the time period for making up an absence

**Proposer(s):** Rotary Club of Saga South, District 2740, Japan  
Rotary Club of Chiba Makuhari, District 2790, Japan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

## 3 **Article 10 Attendance**

4 **Section 1 — General Provisions.** Each member should attend this club’s regular  
5 meetings, or its satellite club’s regular meetings, and engage in this club’s  
6 service projects, events, and other activities. A member shall be counted as  
7 attending a regular meeting if the member:

9 (d) makes up the absence in any of the following ways within ~~the same year~~  
10 fourteen (14) days before or after the meeting from which the member is  
11 absent:

(End of Text)

## **PURPOSE AND EFFECT**

12 Service and fellowship are fundamental to Rotary. In order to ensure that both of  
13 these are present, it is important to schedule regular club meetings with high  
14 rates of attendance so that all of a club’s members may learn from each other. For  
15 that reason, RI’s attendance rules should not be relaxed.

16

17 Satellite clubs around the world currently meet day or night, making it possible to  
18 make up an absence online regardless of one’s physical location. RI Bylaws  
19 section 4.080. provides that “Each club shall forward monthly attendance reports  
20 of its meetings to the governor within 15 days after the last meeting of each  
21 month.” It should be noted, however, that such reports contain only preliminary  
22 data and do not accurately reflect the club’s final attendance figures.

23

24 For these reasons, we believe that the allowable make-up period of fourteen days  
25 before or after a missed club meeting should be reinstated

## **FINANCIAL IMPACT**

26 This enactment could potentially result in a decrease in revenues for RI if there is  
27 a decrease in membership or membership retention due to less flexibility for  
28 current and future members.

# PROPOSED ENACTMENT 22-91

To amend the time period for making up an absence

**Proposer(s):** District 2760, Japan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

3 **Article 10 Attendance**

4 **Section 1** — *General Provisions.* Each member should attend this club’s regular  
5 meetings, or its satellite club’s regular meetings, and engage in this club’s  
6 service projects, events, and other activities. A member shall be counted as  
7 attending a regular meeting if the member:

8

9 (d) makes up the absence in any of the following ways within the same ~~year~~  
10 semiannual period:

(End of Text)

## PURPOSE AND EFFECT

11 Article 13, Section 4(a) of the Standard Rotary Club Constitution provides that a  
12 member must “attend at least 30 percent of this club’s regular meetings or  
13 satellite club meetings or engage in club projects, events, and other activities in  
14 each half of the year.”

15

16 For this reason, it is better to calculate club meeting attendance and make-ups  
17 using a semiannual rather than an annual period.

## FINANCIAL IMPACT

18 This enactment could potentially result in a decrease in revenues for RI if there is  
19 a decrease in membership or membership retention due to less flexibility for  
20 current and future members.

# PROPOSED ENACTMENT 22-92

To revise the process for approving excused absences

**Proposer(s):** District 3522, Taiwan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

2

## 3 **Article 10 Attendance**

4

5 **Section 5** — *Excused Absences*. A member’s absence shall be excused if:

6

7 (b) The sum of the member’s age and years of membership in one or more  
8 clubs is 85 years or more, the member has been a Rotarian for at least 20  
9 years, the member has notified the club secretary in writing of a desire to be  
10 excused from attendance, and ~~the board has approved~~ only these  
11 requirements are taken into consideration.

(End of Text)

## **PURPOSE AND EFFECT**

12 Article 10, Section 5(b) of the Standard Rotary Club Constitution provides only  
13 that “the board has approved” the excused absence of a member without any  
14 guidance regarding the approval.

15

16 Hence, some boards have rejected or approved only for a limited time the  
17 excused absence, even if the member meets the requirements provided in this  
18 subsection.

19

20 However, the intention of subsection 5(b) seems to be that examining whether  
21 the member meets the requirements should be the board’s only consideration in  
22 giving approval.

23

24 To minimize disagreement between the member and the board over the  
25 interpretation of Article 10, Section 5(b), and to prevent different club boards  
26 from taking different views and actions, the above amendment is necessary.

## **FINANCIAL IMPACT**

27 This enactment could potentially result in a decrease in revenues for RI if there is  
28 a decrease in membership or membership retention due to less flexibility for  
29 current and future members.

# PROPOSED ENACTMENT 22-93

To set qualifications and a compensation limit for the general secretary

**Proposer(s):** Rotary Club of Tsuruga, District 2650, Japan

1 *To amend the **BYLAWS** of Rotary International as follows*

2

## 3 **Article 6 Officers**

4

### 5 **6.050. Qualifications of the General Secretary.**

6 A candidate for the office of general secretary shall have served a full term as  
7 governor or have equivalent experience as determined by the board.

8

9 (Subsequent sections will be renumbered as appropriate)

10

### 11 ~~6.100.~~ **6.110. Compensation of Officers.**

12 The general secretary shall be the only officer to receive compensation, as set by  
13 the board, the maximum annual compensation of which shall not exceed  
14 US\$400,000. There shall be no payments, including any expressions of  
15 appreciation, honoraria or similar payments, to any other officer or the  
16 president-nominee, other than reimbursement of reasonable, documented  
17 expenditures as authorized by the board's expense reimbursement policy.

(End of Text)

## **PURPOSE AND EFFECT**

18

The general secretary's job responsibilities are broad and diverse, requiring a  
19 thorough knowledge and experience of the Rotary world.

20

21

RI officers currently require past Rotary office experience. District governors, for  
22 example, must be a past club president, and directors must be a past district  
23 governor. As the chief executive officer of RI, the general secretary should possess  
24 qualifications similar to those of the directors.

25

26

Furthermore, RI is a global non-profit service organization, and it is financed  
27 mainly by the membership dues from Rotary members. Therefore, the salary  
28 range of its sole compensated officer should be made clear to the members. It is  
29 admissible for the RI Board to determine a specific compensation amount for the  
30 general secretary. However, it is also appropriate for the Council on Legislation to  
31 decide the upper limit of that amount. The proposed compensation limit has been  
32 determined on the basis of the compensation currently received by the United  
33 Nations Secretary-General.

## **FINANCIAL IMPACT**

- 1 This enactment could have a financial impact on RI which cannot be determined
- 2 at this time. Cost would be dependent on the scope and extent of support
- 3 provided to the RI Board to accomplish this goal.

2

## 3 **Article 17 Committees**

4

### 5 **17.010. Standing Committees.**

- 7 (a) communications - with six members, two appointed each year for three-  
8 year terms;
- 9 (b) constitution and bylaws - with three members, one appointed each year for  
10 a three-year term, except that in the year of the council on legislation there  
11 shall be four members, with the most recent past member serving a fourth  
12 year;
- 13 (c) conventions - with six members, including the chair of the host  
14 organization for the convention. The president may appoint as chair a  
15 Rotarian who previously served for two years as a member of a conventions  
16 committee but not as chair. In addition to the chair of a convention  
17 committee, one other member may be a person who previously served on a  
18 convention committee;
- 19 (d) districting - with three members, one appointed each year from the board  
20 for a three-year term;
- 21 (e) election review - with six members, two appointed each year for three-year  
22 terms;
- 23 (f) finance - with eight members, six serving three-year terms with two  
24 members appointed each year, plus the RI treasurer and one board member  
25 appointed by the board, both serving one-year terms as non-voting  
26 members; ~~and~~
- 27 (g) new generations service exchange - with six members, two appointed each  
28 year for three-year terms by the president; and

1 (g) (h) Rotaract - with three members, one appointed each year for a three-year  
2 term, plus three Rotaractors, with the committee co-chaired by one  
3 member and one Rotaractor.

(End of Text)

## **PURPOSE AND EFFECT**

4 The Rotary New Generations Service Exchange program offers valuable  
5 opportunities for young adults to live in another country for a limited time,  
6 learning about that country's customs, values, economic, and business  
7 community while they engage in local service activities. Clubs and districts have  
8 the requisite organizational and networking capability to make these  
9 opportunities available, as well as to provide ongoing support for the  
10 participants. This will foster peace and better understanding among people and  
11 will support the career development of young professionals.

12  
13 The New Generations Service Exchange program has existed since 2012;  
14 however, it has no official representation on the RI Board or the Secretariat and  
15 is still generally unknown at the club and district level. A standing New  
16 Generations Service Exchange Committee would help to organize training,  
17 information and instruction during regional conferences or as part of the RI  
18 preconvention, and the implementation of such a committee would support the  
19 program and increase the participation of districts worldwide.

20  
21 The standing New Generations Service Exchange Committee would serve as a  
22 link between the RI president, RI Board, RI staff, and participating districts. A  
23 growing New Generations Service Exchange program is an excellent promotion of  
24 the Rotary brand as it attracts qualified young adults to Rotary.

## **FINANCIAL IMPACT**

25 This enactment would result in an increase in expenses for RI. Committee costs  
26 are primarily driven by meeting expenses and staff support. Actual meeting  
27 expenses for a six-member committee would be nominal for a virtual meeting or  
28 approximately US\$20,000 for an in-person meeting, mainly for airfare, hotel,  
29 and meals. Related indirect cost for additional time provided by existing staff to  
30 support the committee is estimated at US\$30,000.
